ALL IS BRIGHT!

A Sense of Wonder- Paintings by Denise Bunkert

DEC. 1 – JAN. 1, 2024

Just like the words of the popular Christmas carol, my paintings evoke bright images of nature, light and radiance. Studies have shown, that as we become adults, we lose our child-like wonder. Often we forget to savor the gifts of the present moment and stop and taste snowflakes on our tongue. For this reason, I have brought together a collection of paintings and quotes in hopes that your child-like spirit might be rekindled and bring to you a joyful sense of wonder and brightness in this season.

I have been painting since I was a child and have been blessed with opportunities to share beauty, joy and healing through my artwork. Several of my paintings were commissioned for the permanent collections at the Minnesota Children's Hospitals in Saint Paul and Minneapolis and for a Make-A-Wish recipient. Other paintings are in public, corporate and private collections.
