WE ARE PLEASED TO OFFER YOU THE OPTION OF
PURCHASE WITH VISA OR MASTERCARD

Welcome to sale #15

We sure appreciate all the support & friendship we have made in the Hereford world. Seeing calf & bred prices at the highest level ever, it's a good time to own cows.

Marilyn & I are very proud of our family. Adding Chizum Ramsay to the crew this fall gives us 8 very busy grandkids all within a half hour drive from home. Life just does not get any better than that.

This year, Robin & Randy will be taking a year off bringing bulls to the sale. Concentrating on Randy's newest venture 'Randy's Butcher Block' which is a true asset to the community of Neilburg & is one role Randy will do very well at. Dalynn has taken on a new role with Best Farming Systems - congratulations, not sure where she gets the energy.

We have a very powerful, even set of bulls for sale. As usual, our bulls run on grass all summer then are put on a light grain ration until sale day. No feet are trimmed & all bulls are semen tested. They've been worked off a horse, quad, or foot, & have been tied up. All but 3 bulls in the sale are off of home raised sires.

This year we are offering 25 bred heifers right from the top of our replacement pen. All are bred to CR 24J, a bull we purchased from Carl & Dalynn out of last years sale. We will also be offering 25 home raised commercial heifers, selling in groups of 5 & bred to Hereford or Red Angus bulls.

Please join us on Thursday, Feb. 8, 2024 for Randy's Prime Rib Dinner. Videos of

the bulls will be on-line mid January. Visitors are welcomed anytime, the sale cattle are in the yard, & the coffee is always on!

At Log Valley Ranch's branding I dragged this 417C calf to the fire. I really liked both him & his dam so I bought him on the way home! Great hair & thickness. Everyone who sees him likes him.

Commercial Bred Heifers Pens

Carlrams Ranching will have 25 home raised straight Hereford Heifers & Red Baldie Heifers available sale day. A proven Hereford bull or Red Angus bull was exposed June 20 - Sept. 1. We will offer boarding & calving services for \$400 per heifer - just talk to Cal!

Heifers were exposed to CR 24J from June 20 - September 1.

Welcome to our 15th sale in the yard. We've enjoyed the easy fall & winter weather so far although it does feel a bit odd not fighting with snow.

We are really excited about the consistency in this year's bull pen. It's showing how hard we've worked over the years to produce structurally sound cattle. This year's pen displays that hard work with an added bonus pop of performance you'll see sale day. Our eye has always been focused on producing the easy doing progeny that a Hereford sire should add to your operation as well as improving the maternal trait side year after year.

As always, the bulls spend all summer on grass & come fall are fed oats & hay to ensure they have the best chance for longevity in your program. It is a trait we take very seriously to ensure our bulls can perform & last in a wide variety of climates & terrains.

We are excited to welcome Mr. Chizum to the crew this fall as baby number 5. It is certainly a busy house around here but we feel very blessed in all the chaos. Please feel free to come by the ranch to view the bulls anytime leading up to sale day, Thursday, Feb. 8. We'd love to tour you around - it's our favorite thing to do! Please feel free to call if you have any questions about the bulls.

- Carl Dalynn Ramsay, 306 398 7879 / 306 390 7447

Cordell, Calianne, Curwyne, Crawley & Chizum
