

Nonprofit Konnect Summit 2024

**Advancing Public
Non-Profits Partnerships
(PNPP)**

Nonprofit Konnect 2024, convening this November in Kenya, examines the urgent need for collaborative solutions in a world grappling with interconnected problems like climate change, poverty, and public health crises. This summit serves as a pivotal moment to advance the Public- Nonprofit Partnership (PNPP) model and emphasize the necessity of a unified approach towards achieving the objectives outlined in the Bottom-Up Economic Transformation Agenda (BETA), Kenya's Medium-Term Plan (MTP) for 2023-2027, AU Agenda 2063, and UN Sustainable Development Goals.

Spearheaded by Sprout Africa, a champion for African growth through innovative services, Nonprofit Konnect 2024 transcends conventional sector silos. Bringing together nonprofits and public agencies, the platform cultivates a strategic environment to facilitate:

- A collaborative approach to innovation draws upon the combined ingenuity of all sectors to address a wide range of pressing issues.
- Maximizing the impact of resources by sharing expertise and eliminating duplication of effort.
- Developing a knowledge exchange environment that facilitates the transfer of best practices to accelerate collective progress

With this summit, we aim to establish a framework for cross-sector collaboration that combines the strengths of each other sector

- **Public Sector:** Providing the regulatory framework and resources for sustainable development initiatives.
- **Nonprofit Sector:** Spearheading innovation, mobilizing resources for scalable solutions, and offering invaluable grassroots insights and expertise in addressing community-level challenges.

Nonprofit Konnect 2024 seeks to transcend traditional sector boundaries by combining these unique contributions and implementing collaborative strategies. The initiative aims to ensure that sustainable development models are replicated across sectors and regions and translate intersectoral cooperation into tangible and scalable results.

Background

The theme of the 2024 Nonprofit Konnect Summit, “Advancing Public- Nonprofit Partnerships (PNPP),” underscores the vital role of the nonprofit sector in driving global change. - **The Fourth Medium-Term Plan (MTP 2023-2027) of Kenya Vision 2030:** Discussions will address how collaboration can contribute to the goals outlined in the MTP, focusing on areas where nonprofits have a significant impact.
- **AU Agenda 2063: The Africa We Want:** The summit will explore how partnerships can advance the aspirations enshrined in this continental agenda, fostering a more prosperous and sustainable Africa
