T.A.P. Wine Lounge - Wine and Chill - July Edition

Hello TAP Sippers!

TAP Wine Lounge has been open only a few short months and OMG, I've learned so much about MYSELF, my VISION, my WHY, and my WHAT. Learning, Building, and Growing is hard, y'all! BUT it's worth it!

My Business Manager and I talk a lot about our Learn Build Grow model. Firstly, we accept this reality for ourselves as business owners and we hope to work with folks that embrace that model, as well. It is my humble opinion that the only way we are going to move ourselves, our family, our community forward is by Learning, Building, and Growing together.

Over the next several months you'll hear from me as I share my Learn, Build, Grow journey. Trust me, I'm not a unicorn! There are many others out there like myself who has an idea, a vision, and a dream. My tip to you is TAP IN and GET LIFTED!
