1. On your desktop, go to [metamask.io](https://metamask.io). Make sure it's on a Google Chrome browser.
2. Click "Download" button, then the "Chrome" button, then the "Install MetaMask for Chrome" button.

The screenshot shows the MetaMask website interface. At the top left is the MetaMask logo (an orange fox head) and the text "METAMASK". To the right are navigation links: "Features", "Support", "About", and "Build", each with a dropdown arrow. A prominent blue "Download" button is on the right. Below these are three buttons: "Chrome" (highlighted in blue), "iOS", and "Android". The main heading reads "Install MetaMask for your browser". Below this is a central image of a smartphone displaying the MetaMask wallet interface. The phone screen shows "Main Ethereum Network" at the top, "Account1" with address "0x5e...5924", and a balance of "1 ETH" valued at "\$300,000.00 USD". There are "Deposit" and "Send" buttons. Below the balance is a "History" section showing a transaction: "#3 - 4/1/2019 at 11:30" with a purple icon, "Sent Ether", "CONFIRMED", and "- 3 ETH" valued at "- \$600 USD". To the right of the phone are colorful abstract shapes: a yellow circle, a green wavy line, a blue crescent, a pink triangle, and a green circle. At the bottom of the phone image is a blue button that says "Install MetaMask for Chrome".

3. Then click the "Add to Chrome" button. Then click "Add extension."
4. Once the extension has been added, a little fox will pop up and you'll hit "Get started."

Your Secret Recovery Phrase is a 12-word phrase that is the “master key” to your wallet and your funds

Never, ever share your Secret Recovery Phrase, not even with MetaMask!

If someone asks for your recovery phrase they are likely trying to scam you and steal your wallet funds

Do not share this phrase with anyone. **You will need these words if you ever lose your wallet password.
