In Zoom click the up arrow next to your Microphone. The Select “Plugable USB Audio Device

The screenshot shows a Zoom meeting interface. On the left, a blurred video feed of a person is visible. A context menu is open over the microphone icon, titled "Select a Microphone". The menu lists several options, with "Microphone Array (Plugable USB Audio Device)" selected and highlighted in blue. Below the microphone menu, the name "MarkLaptop" is visible. On the right side of the screen, the name "MarkLaptop" is displayed in large white text. At the bottom, the Zoom control bar is visible, showing icons for Unmute, Start Video, Security, Participants, Polls, Chat, Share Screen, Record, Breakout Rooms, Reactions, Apps, Whiteboards, and a red "Leave" button.

Select a Microphone

- Microphone (2- USB Audio CODEC)
- Microphone (Realtek Audio)
- ✓ Microphone Array (Plugable USB Audio Device)
- Same as System (Microphone (2- USB Audio CODEC))

Select a Speaker

- Speakers (Plugable USB Audio Device)
- Speakers / Headphones (Realtek Audio)
- ✓ Speakers (2- USB Audio CODEC)
- Same as System (Speakers (2- USB Audio CODEC))

Test Speaker & Microphone...

Switch to Phone Audio...

Leave Computer Audio

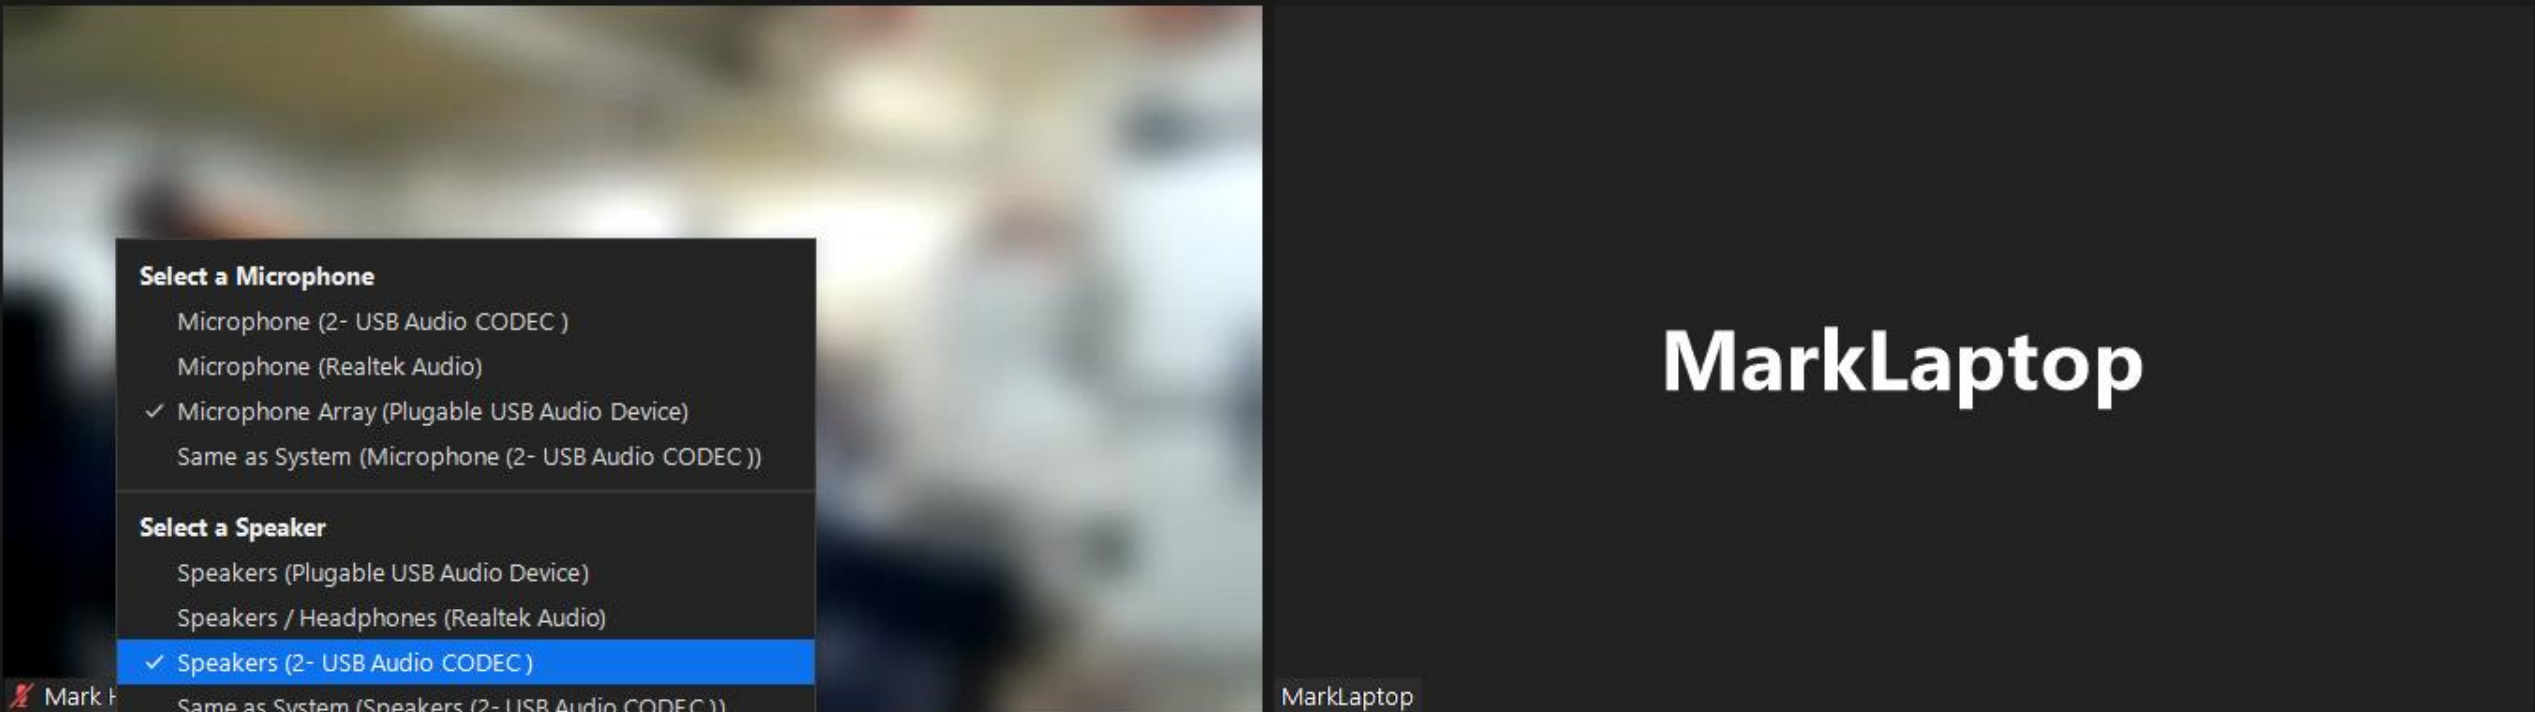

Audio Settings...
