

Just like Celia, I had been visited by the Muse, it seems.

So anyway, the other day, it finally hit me.

cough
choke

What hit you? A wine bottle?

The Muse, you morons, the Muse!

(Why can't I get all my blue speech bubble tails to be little and cute like this one?)

Just to be clear, the Muse does not visit me very often, which is why I figure I need to pay attention when she does.

So I surrendered to her will.

(this is not staged, FYI (I wish). I meant what I said about honesty (again, more on that later))
