

WHY CHOOSE ROTISSERIE BAGS OVER DOMES ?

CONVENIENCE THROUGH INNOVATION

- Easy open and close zipper mechanism.
- Grab n Go Handle.
- Vented Anti- Fog film keeps food fresh, hot and increases product visibility.
- Warming Unit and Microwave safe upto 200°F.
- Leak Resistant.
- Easy to pack – Save time and effort !
- **CUSTOM PRINT** – Hi Res graphics increase product recall and brand awareness.

ENVIRONMENTAL ADVANTAGES

- 88% less fossil fuel used.
- 85% fewer CO2 emissions generated.
- By switching to bags from domes, Save enough gas to drive around the world 1,475 times!
- **Boost Sustainability Initiatives** – Rotisserie Bags use less plastic as compared to Domes.

MAJOR COST SAVINGS

- **Reduced Transportation Cost** - 12 truckloads of Dome containers would be required to ship Rotisserie Pouches contained in one 53' truckload !
- **Increases efficiency and reduces labor costs** – Bags are easier to pack in store.
- Eliminates the labor and cost of labels for dome containers.
- **Increase space utilization in the Deli department** - One case of 500 rotisserie pouches takes far less room than 500 dome containers.
