SELECT A TOOL SET

STANDARD tool set BNAK1

STANDARD FLOOR BRUSH
10 in. wide hard floor brush features swivel neck and unique bristle cut to ensure efficient debris collection. Ideal for spaces with no carpet.

30 FT. CRUSHPROOF HOSE
Crushproof hose. Universal wall end to fit most inlet valves.

STAINLESS STEEL TELESCOPIC WAND
Adjustable length ranging from 25 in. to 38 3/8 in.

LONG CREVICE
Notched end, ensures continuous airflow for optimum clearing in narrow or hard-to-reach places.

DELUXE tool set BNAK2

CONVENIENT MULTI-SURFACE FLOOR BRUSH
Large, premium multi-surface floor brush is ideal for cleaning both hard flooring and carpet. Highly maneuverable and durable, this convenient combination floor tool is among the quietest available.

CRUSHPROOF 30 FT. LOW-VOLTAGE HOSE
Crushproof hose features an ergonomic handle with full 360-degree rotation to help prevent wrist strain and hose kinking. Knitted hose sock to protect furniture and trim from scratches (easy installation tube included). Universal wall end to fit most inlet valves. 3-year warranty.

PREMIUM HARD FLOOR BRUSH
Soft bristle floor brush with side channels for better edge cleaning. Scalloped bristle pattern avoids snow plowing debris while controlling air flow for superior pick-up of all debris.

MESH STORAGE BAG
Keeps tools organized and in easy reach.

PREMIUM electric tool set BNEK2

ELECTRIC WAND
Dedicated wand for electric power brush.

ELECTRIC POWER BRUSH
For deep cleaning of medium to high pile carpet. Full-width deluxe brush for maximum cleaning zone. More effective for picking up dirt in corners and along walls.

PREMIUM HARD FLOOR BRUSH
Extra-wide 13 in. premium hard floor brush with soft bristles that are gentle on wood floors. Patented swivel pivot connection allows for effortless maneuvering in tight spaces.

CARPET GLIDER
Pairs with the Turn-N-Clean floor brush for smooth and easy cleaning of rugs and carpet.

WAND HANGER
For easy storage on wall or back of door.

UPHOLSTERY TOOL
For easy cleaning of furniture.

DUSTING BRUSH
Soft bristles won't scratch surfaces.

STRONG METAL HOSE HANGER
For fast and easy hose storage.

ALSO SOLD SEPARATELY

With vacuum accessories for virtually every type of flooring, whether it be hard flooring or carpet, Broan makes it easy to keep your home looking its best. Choose the kit that best suits your needs. Kits sold separately.

OPTIONAL ACCESSORIES

GK225

GARAGE AND CAR CARE KIT
• 50 ft. long crushproof hose allows you to move easily around the garage and the car
• Kit includes crevice tool, floor brush, dusting brush, upholstery tool, cloth caddy bag and hose hanger

BN165

AIR-DRIVEN BRUSH
• Ideal for homes with a mix of hard floors and carpet. The air-driven turbine cleans low to medium pile carpets effectively and eliminates the need for a separate electric power brush.

BNHS30 / BNHS35

KNITTED HOSE SOCK
• Protects banisters, walls, furniture, floors, wall coverings and moldings
• Fits all brands and models of hoses
• Available in 30' length (BNHS30) or 25' length (BNHS35)

V800W

CANSWEEP® INLET VALVE
• Makes it easy for debris and dirt to be swept and removed from non-carpeted surfaces
• For use in kitchen, mudroom and bathroom
• Available in white only

V801W

CANSWEEP® TRIM PLATE
• Available in white only

BROAN

CENTRAL VACUUMS

UltraSilent™
Ultra Performance.

AMONG THE QUIETEST
IN THE INDUSTRY

REDEFINING QUIET

Broan central vacuums have been engineered with ULTRASILENT™ sound technology to deliver strong suction power at noise levels among the quietest in the industry.

Whichever model you choose, Broan central vacuum systems are manufactured in Canada according to high quality and safety standards. Quiet, reliable and durable, they are engineered to deliver performance and peace of mind for years to come.

ULTRASILENT™ technology

ULTRASILENT™ technology combines sound-absorbing materials and assembly techniques to offer one of the lowest noise levels in the industry. Deep cleaning has never been so peaceful!

- Sound-absorbing high-performance materials
- Rigid structure and anti-vibration mounts to limit vibration noise
- No muffler required

Sound rating

Central vacuum manufacturers' sound testing methods can vary greatly as do the decibel claims for their products. Broan central vacuums are tested in accordance with ASTM standard F1334-02 and are among the quietest available on the market today.

HEPA filtration

Captures up to 99.97% of all dust and microparticles**. Ensures that exhausted air is clean thus may help to reduce symptoms associated with allergies and respiratory problems.

**as small as 0.3 micron

So convenient

Large ergonomic latches on the debris pail make emptying your central vacuum child's play. The easy-to-remove debris pail facilitates handling and limits contact with dust.

EASY TO INSTALL

Perfect for new or replacement installations

A multi-direction vacuum inlet makes installation easy even in small spaces. Each model includes a wall mount support for safe and simple installation. Our five-step installation guide facilitates the work and the quality of execution.
