BAA Monthly Meeting

Please join us Wednesday, from 5:00 until 6:00, for some updates of airport issues.

The first agenda item will be about the Save Boulder Airport meeting that took place last Tuesday. As can be seen in the picture above there was quite a turnout for the event. We heard from young, aspiring aviators and supporters of the airport.

Next, we'll be discussing the ballot issues to close the airport and the efforts being made to counter it. As the BAA has always attempted to do, it will focus on promoting the airport and providing the connection to the surrounding community.

Third item will be an attempt to explain the City's thought process for suing the FAA. It appears to be a rather convoluted and expensive approach to getting a legal determination of an FAA policy.

The monthly EAA meeting will be following the BAA meeting.

Special

Young Eagles events, which provides free flights for kids 8 to 17, are generally held on the second Saturday, from 7:30 until 11:30, of the Spring and Summer months. The 2024 schedule:

- April 13
- May 11
- May 18 (EAA Flying Start Day!)
- June 8
- July 13
- August 10
- Sept. 14
- Oct. 12

Aircraft Build Project - Most Saturday mornings at 8:00 in the Big Blue Hangar. The current project is the restoration and assembly of a Baby Great Lakes. Please join right in if you have an interest in learning about airplanes, or an interest in teaching young aviation enthusiasts.

For Sale

The EAA Chapter is selling new LED 4-foot lamp direct replacements. Contact Kent.

Between now and the November elections we will need to voice our concerns and show our support to keep this airport. The Save Boulder Airport committee will continue to meet over the next couple of months. The committee has representation from airport businesses, the AOPA, pilots and airport associations.

Airport supporters can:

1. Write to City Council - [Contact Boulder City Council](#)
2. Speak at Council meeting - [Participation Boulder City Council](#)
