About your plan

Good oral health means more than an attractive smile. Research shows that oral health, preventive care and regular visits to the dentist are integral to overall health.¹

The Humana Dental Value HI215 is a dental HMO plan that covers preventive, basic and major dental services provided by the primary care dentist of your choice from our dental network. This plan has no waiting periods, no claims to file, no annual maximum, and no deductibles. Copayments for listed services are applicable only at a participating primary care dentist. Visit [Humana.com](https://www.humana.com) to find a participating dentist.

Who can enroll in this plan – Anyone can enroll in this plan.

What to expect

- You will be required to choose a general dentist as your primary care dentist from our network when you enroll in this plan. If you wish to change your primary care dentist in the future, contact Customer Service to update your plan.
- The service copayments are paid directly to your primary care dentist when you receive dental care. Note, your primary care dentist may or may not provide services for all of the listed ADA codes.
- Services provided by specialists are not covered by these copays and in some instances are only available through a specialist, like oral surgery procedures. You may however receive services from an in-network specialist and may receive a 25% discount. To find an in-network dental provider, including specialists, visit [Humana.com](https://www.humana.com).

How your plan works

Following is a summary of the Humana Dental Value HI215 benefits. Services marked with a single asterisk (*) require separate payment of laboratory charges. The laboratory charges must be paid to the primary care dentist in addition to any applicable copayment for the service.

Out-of-network dentists can bill you for charges above the amount covered by your dental plan. To ensure you do not receive additional charges, you can visit a dentist in the HumanaDental® network. Waiting periods and other limitations may apply; please see your policy for coverage details.
