## 2023 All Legislators, by Rank - Description

### Rank:

This column has two types of information:

- Legislator Rank
  - Political Leaning
- The Legislator Rank is simply the result of sorting the Rank coefficient from + to -.
- The Political Leaning is basically defined with the more neutral, i.e. Moderate in the middle separating the Conservative from the Liberal.

### Coefficient:

This column has the basic calculated coefficient as well as the political party (in color)

- The Coefficient is calculated by adding all of the bill ratings and dividing by the number of votes cast.
- The Party Color is displayed to help understand how the parties voted. (See the Legend at the bottom of the report.)

All Legislators, by Rank				Sorted Most to Least Conservative				Session: 23
