Legislator

2023 All Legislators, by Rank - Description

Rank:

This column has two types of information:

- Legislator Rank
 - Political Leaning
- The Legislator Rank is simply the result of sorting the Rank coefficient from + to -.
- The Political Leaning is basically defined with the more neutral, i.e. Moderate in the middle separating the Conservative from the Liberal.

Coefficient:

This column has the basic calculated coefficient as well as the political party (in color)

- The Coefficient is calculated by adding all of the bill ratings and dividing by the number of votes cast.
- The Party Color is displayed to help understand how the parties voted. (See the Legend at the bottom of the report.)
