Prilux is willing to be a worldwide reference in lighting solutions. We devise, develop and manufacture high-value products and outstanding services which stand out and exceed the expectations of our clients. We really enjoy building up a high-tech company in the lighting industry. Every day we break our own limits in the human and technological standards. Our staff involves qualified and experienced professionals who truly enjoy their job and do their best in order to meet goals, get new challenges and overcome any difficulty. Enlightening the World inspires us, we are keen to provide it with a great deal of optimist, positive energy, enthusiasm and prosperity among our clients, employees, families, managers, co-workers, suppliers, partners and the society as a whole. We work hard day in and day out to build the best lighting company in the world.
