

Automatic Mooring Change Over Service

Handy Boat will service your mooring every fall / spring and perform the town required inspection every two years (some moorings require a diver to inspect and there is an additional charge that will be invoiced) without interruption. To cancel automatic service please send an email to Info@handyboat.com Please sign this card and include payment information. Payment is expected at time of form submission. If there is an outstanding balance on your account, your mooring will not be changed over. **Please remove your pick up buoy before leaving your boat for the season and store it on board. Handy boat cannot store, and we are not responsible for any lost and or damaged pick up buoys.**

In the spring when prepping the buoys to go back in the water, we add shackles and swivels as necessary and you will be invoiced accordingly. Repairs such as but not limited to chain, pendants, buoy, and mushrooms we will give you an estimate and not perform the work without consent. Handy Boat is not responsible for mooring hardware failure
