

STUDIO GEAR, TOOLS & PROPS

The Paintbrush

For an Artist Paintbrushes are essential to create images with total control. The Tools in the studio are like Paintbrushes that Photographers and Videographers use to manipulate the environment by painting with light & shapes. At HDmedia you'll find a lot of Gear, Tools & Props that help bring your vision to life.

Take a look of our catalog of Equipment, Tools and Props to help start creating your vision before you arrive.

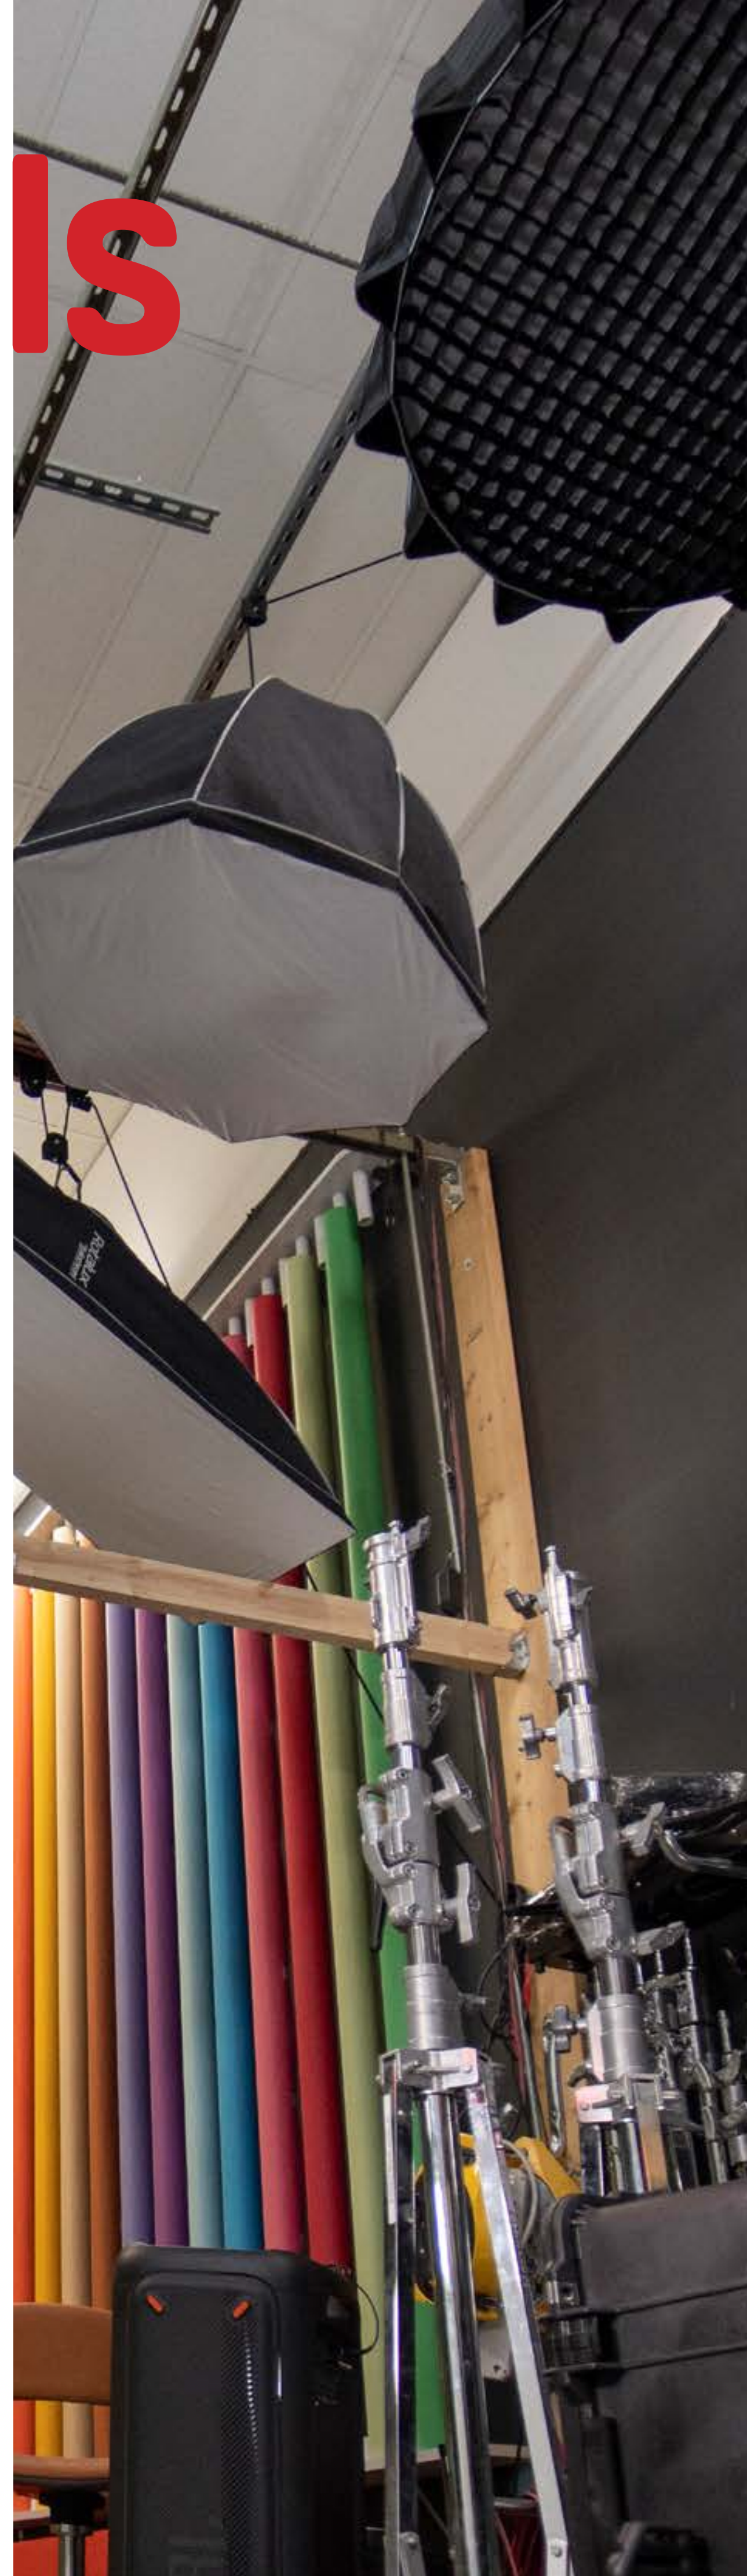

Some equipment is included in the basic rent. However, specialized equipment may incur an additional daily rental fee. It is imperative that only individuals skilled in the safe operation of the equipment use it, as HDmediaTV does not provide any training for equipment use.

Improper or unsafe operation of the equipment may result in additional charges or the need for equipment replacement. HDmediaTV assumes no responsibility for any misuse of their facilities and equipment.
