

# SYC Dress Code - 2024

SYC desires to maintain an appropriate atmosphere at camp that bridges many cultures and provides adequate flexibility for sport and safety. A dress code for our students and leaders that is both comfortable and modest is part of making camp great. It has proven very difficult to define a dress code in absolute terms without creating loopholes and ambiguous guidelines, so we have kept it simple. With everyone's cooperation in upholding this dress code, we hope to maintain a focus on what truly matters. Please join us as we strive towards this goal with the following standards, and knowing them in advance, pack accordingly:

- No attire with reference to any type of alcoholic beverage, illegal substance, lewd, vulgar, indecent or sexually suggestive subjects may be worn.
- Undergarments are to be under garments (covered by outer clothing).
- Bottoms are to be modest in length, specifically the lower hem is fingertip length or lower while standing.
- Shirts should have at least two fingers width of shoulder cover, fit loosely and be long enough to overlap or tuck into Bottoms while standing.
- Clothing is to be worn at all times except in the pool, shower or dorm room.
- In the Gymnasium, only clean indoor-only shoes will be worn.

## Dress Code Violation Handling

If anyone believes that someone else's clothing is inappropriate they are to address their concern to the Church Group leader of that person OR the designated Dress Code Point Person (Camp Director will have someone designated for this role, themselves or another on the SYC team in most cases).

Only Church Group Leaders of the individual, or the Point Person, will directly discuss the issue and request changes with an individual who needs redirection.

While it is a last resort, repeat occurrences or an unwillingness to cooperate are grounds for dismissal from camp.
