

# Sponsor-a-Camper Program

Camp fundraisers are an opportunity for your church to invest in the discipleship of the next generation. Perhaps the most effective way to raise funds to take more youth to SYC is to do so directly.

Ask families at your church who don't have youth within your ministry to donate towards a scholarship fund that helps with registration costs for youth and leaders to attend camp. Challenge your church with a goal that would meet the needs of your group - whether it be to raise enough money to send your entire group to camp, or give each youth a \$50 credit for registration, or cover the cost of transportation - work with your team to determine what's most appropriate for your church.

With peer fundraising or personal fundraising, you bind your church family together by not just taking in sales from tickets to fun events, but encouraging members to pour resources directly into the life of a youth who really needs it.
