## Monte Vista Head Start

Classroom 1: We just finished our garden study. Now we will begin our water study to finish off the school year. We will also work on kindergarten transition for children who will be continuing on to kindergarten next year. Along with the transitioning we will recap what we learned thought the school year! We have enjoyed teaching your children. We are honored at the opportunity. THANK YOU!

*Mr. Jesus, Ms. Jessica, and Ms. Josette*

Classroom 2: This month we will be working on the gardening study and focusing on social emotional learning. We will be reviewing all the shapes, numbers, and colors we have learned about this year.

Reminder: Please communicate with school when your child will be gone for the day.

Family pictures for the slide show are due.

*Ms. Connie, Ms. Kristina, and Ms. Julie*

Classroom 3: We will be working on the "End of year Study" and reviewing the shapes, colors, and numbers we have learned about this school year. We would like to thank our parents for allowing us to teach your children this year! We have enjoyed watching them grow!

*Ms. Jalissa, Ms. Kat, and Ms. Jessica*

Remember to bring your enrollment packets to the family room to ensure a slot for your child next year! If your child has siblings that will be turning 3 soon you are welcome to pick up an enrollment packet for them as well.
