

**Title: Spray Tech/Second Assistant Superintendent - Chambers Creek****Location: Willis, TX****About Us:**

Caldwell Companies is an established and growing development, investment and commercial service firm based in Northwest Houston. Caldwell Companies is a faith-based firm that engages in large-scale master planned communities, multi-family and single-family rental and commercial development along with other real estate investments, commercial land brokerage and asset management. Our company culture is a family environment focused on achieving excellence in every aspect of our business. We treat our associates with respect and provide accountability that helps foster personal growth and achievement. We have a fun work setting coupled with a fast-paced, exciting and goal-oriented environment.

**Job Overview:**

The Spray Tech/Second Assistant Superintendent is a key position for Chambers Creek, in a new gated active adult master planned community in Willis, TX. This is a great opportunity for an individual who has a desire to work with turf and grow their skills as an Assistant by spraying, working with the Superintendent and Assistant Superintendent, and helping manage the daily ongoing activities in maintenance of a 9-hole high end, Tom Lehman designed golf course. The golf course has Tifeagle greens, Zeon Zoysiagrass tees & fairways and Latitude 36 Bermuda in the roughs. The course is equipped with a Toro Lynx automatic irrigation system. Reporting to the Golf Superintendent, this position requires excellent team building and organizational skills, along with a high degree of attention to detail.

**Day to day responsibilities:**

- Spraying and ensuring proper timing and application of plant protectants and nutrients
- Demonstrate knowledge of safe use, mixing and application of chemicals
- Working with First Assistant on daily operations
- Maintain detailed record keeping
- Execute other golf course management duties as needed to maintain a high-end golf course

**Requirements:**

- 2 years of golf course maintenance experience
- Two-year turf management degree or certificate preferred
- Texas Pesticide Applicators license or ability to obtain
- Strong work ethic and good team building skills
- Understand and play the game of golf
- Ability to speak Spanish, a plus
