

8 September 2022

Dear Masters Weightlifter, dear National Masters Chair,

The USA Masters organizer and the IWF Masters are aware of the current problem for a personal embassy interview appointment for all those who need to apply through their nearest US embassy.

PLEASE READ CAREFULLY WHAT STEPS YOU NEED TO DO AND SEE THE PICTURE ATTACHED OF HOW YOUR APPLICATION DS-160 CODE LOOKS

Procedure to obtain Visa for the USA:

Whoever needs a Letter of Invitation, please send to this email a copy of your passport and anybody travelling with you!! iwfmasterssecretariat@gmail.com

The DS-160 is an Online Nonimmigrant Visa Application form for temporary travel to the United States. This is a required as the first step for anyone who must acquire a visa. Then, please immediately send the DS160 along with other information requested for each individual.

You will make an the appointment for an interview if needed. Currently many US Embassies and Consulates are back logged and you may receive and appointment past the date of the competition.

Accept the interview date even if after the competition. Once you send me the DS 160 application number and the other information requested below. We can work to expedite the date and obtain a date prior to the competition. This is the only way we can work to get an earlier appointment.

1. Name
2. Date of Birth
3. Passport Number
4. Participant's role federation, ie Athlete, Coach , Official
5. DS 160 Application Number
6. City and Country of Embassy or Consulate
7. Date of appointment

Please check out the following links on YOUR US EMBASSY WEBSITES, because you will find everything explained in YOUR language:

www.ustraveldocs.com : Here you find a world nations list. **CLICK ON YOUR NATION** first letter and read carefully all information

Find attached the **HOW-TO-REQUEST-EXPEDITED-INTERVIEW** document.

We will do everything in our power to help, but there are no guaranties. The US Government has the last decision in granting visas.

Best wishes,

Denise Offermann
