TQ Institute (TI)

Saint Paul's College(Lawrenceville)

About TQ Institute (TI) Development History

About Wisdom Revolution & Talent Cloud Development History(1)

- ▶ 1996-Dr. Henry Yeh, Dr.Han Chung Chang Justice and Dr. Chen Mingji jointly developed "People's Wisdom" and "Scientific Development“
- ▶ 1996 - Dr. Chen Mingji established the Talent Cloud Institute to continuously study how to use the questionnaire-based assessment management system to explain "the whole person's wisdom“
- ▶ 1997- Dr. Henry Yeh founded the "Total Quotient Institute" in New York, and for the first time published the TQ academic theory of talent development, the fourth generation revolution: the advent of the era of wisdom revolution
- ▶ **The competitive advantage of the 21st century depends on "wisdom"**

$R = F(T, t)$ ---- (Yeh`s equation), definition and description are as follows: R: Revolution, F=function, T=Critical Technology, t=Time

About Wisdom Revolution & Talent Cloud Development History(2)

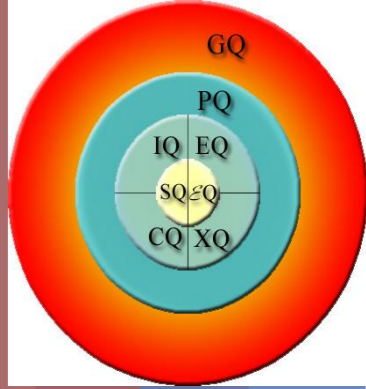

- ▶ 2001-Dr. Chen Mingji released the first generation talent cloud assessment system and established the "Tianfu Cloud Information Technology Research Institute"
- ▶ 2002-Dr. Zhang Yizhong International Academy of Education (I.A.E.) American International Baccalaureate / Academician
- ▶ 2002-Dr. Ye Tangyu publishes "Wisdom Revolution: Theory and Application"; Publisher: Wunan Book Publishing; Introduction to Quanren IQ TQ
- ▶ $TQ = SQ + (I + E + C + X)Q + PQ + GQ + \varepsilon Q$
- ▶ (Yeh's TQ model) TQ (Total Intelligence) or Triune Intelligence, TQ - "Everyone's IQ", because only "integration" and "equilibrium" enhance our IQ, namely this book The TQ-inspired IQ is the only one that has its meaning.

About Wisdom Revolution & Talent Cloud

Development History(3)

- ▶ 2004- Entering the Chinese market (research and feedback)
- ▶ 2006- passed the European and American regulations for safety inspection
- ▶ 2011- Awarded by the Ministry of Education as the standard configuration plan for the psychological counseling room of primary and secondary schools
- ▶ 2012-Affirmed by the Chinese Academy of Sciences research and appraisal report
- ▶ 2016-Dr. Ye Tangyu Become a member of the Board of Directors and President of Saint Paul's College (Lawrenceville), University of São Paulo
- ▶ 2018-Arbited Dr. Zhang Yuzhong, Dr. Chen Mingji is a professor at the University of São Paulo
- ▶ 2018-Established "International Talent Cloud Information Academy (ITQC) "

The Saint Paul' s College established the
「(ITQC) Institute of TQC World Technology」

- ▶ The “Wisdom Revolution & Talent Cloud” developed by the professors of Saint Paul' s College has solid theoretical support and wisdom and brain science.

Talent detection is brain TQC detection

- ▶ The brain TQC evaluation system is based on the theories of brain science, genetics, embryology, psychology, brain neurology, statistics, etc., and the psychology, development potential and personality characteristics of the personnel with multiple intelligences and biological information detection technologies. Features are measured objectively and scientifically.
- ▶ The research team of Tianyun Cloud Information Science Research Institute has developed patented brainwave and quantum potential sampling technology. Through the research on more than 100 million medical fingertip brain biometric scientific data, combined with optical, communication and microcomputer technology, the brain mental system has been successfully developed. .

President / Professor Dr. Henry Yeh

- ▶ **Present:** Professor, International College, City University of Hong Kong ; Principal/Professor, Saint Paul College (Lorensville)
- ▶ **Education:** Doctor of Management, City University of New York ; Master of Philosophy, New York City Graduate School; Master of Business Administration, Grand Brock College, New York City; Master of Engineering, Columbia University; Bachelor of Nuclear Engineering, National Tsing Hua University
- ▶ **experience:** Southwestern University President/Professor ; National Taipei University / National Chung Hsing University / Da Ye University Associate Professor ; St. John's University / York College, USA / Assistant Professor, Wagner College
- ▶ **Book :** Intelligent Management System / Sustainable Strategy and Management towards Globalization
- ▶ Wisdom Revolution TQ - Human Fourth Revolution

Professor Dr. Kevin Chang

Current position:

Professor, University of St. Paul (Lawrenceville) / Vice President

Professor of St. John's University, Costa Rica

UNESCO UNESCO professor certificate

President of Greater China, International Licensing Accreditation Council (IPLAC) under the UNESCO (UNESCO)

Chairman of China Business Development Association

President, Asia Pacific Branch, iaafm.org.tw, International Finance and Management Institute

Royal College of Education, School of Business Administration

experience:

United Nations ICMCI International Registration Management Consultant,

Chief Consultant, Hong Kong Institute of Business Engineering

American International Certified Commercial Coach CBC, Business Planner CBS

China Enterprise Management Consulting Association Director and CEO of SME Innovation and Development Center

Professor Dr. Hans Chang

- ▶ Education: PhD in Higher Education Administration, Derrick University, Iowa, USA Master of Business Administration, University of Oklahoma, USA
- ▶ Academic experience:
 - ▶ Ming Chuan University International College Professor / Nanhua University of Science and Technology / Zhili University of Science and Technology Department of Economics Professor / Professor of Music Therapy Institute, Chicago Conservatory of Music
 - ▶ Fellow of the American International Baccalaureate / Fellow of the Royal Institute of Management
 - ▶ Business calendar :-----
 - ▶ General Manager of China International Development Bank of South Africa / General Manager of Taiwan, Canada Niteng International Co., Ltd. / General Manager of Taiwan, Anzhen International (Stock) Corporation / Chairman of Taiwan Securities Research and Development Association / Oxford Corporate

Talent Cloud Brain TQC Evaluation System Invention and Founder

International Talent Cloud Information Academy (ITQC)

Institute of TQC World Technology

Dr. Chen Mingji

- ◆ Dean of International Talent Cloud Information Academy
- ◆ Executive Director of Zhongke Tianfu Cloud (Beijing) Technology Co., Ltd.
- ◆ CEO, Tianzi Mental Development Research and Application Center, Institute of Quality Education, China Academy of Management Sciences
- ◆ Chief Consultant, Early Childhood Division, Media Technology Group
- ◆ President of the Chinese Society for Whole Brain Potential Development
- ◆ CEO of Dazhiku International Education Technology Group

Institute of TQC World Technology (ITQC)

Brain TQC assessment

DL9IU I QOC 922622UUGUC

Mission, vision, goals

- ▶ **Mission:** Appropriate, suitable, and applicable. Knowing life is like knowing the destiny. People do their best, make the best use of their products, and flow smoothly.
- ▶ **Vision:** Help the entire human race and activate its potential with the Golden Key for your better life.
- ▶ **Objective:** To base on Taiwan and assist the government in expanding the talent cultivation program of the 11 countries of the ASEAN.

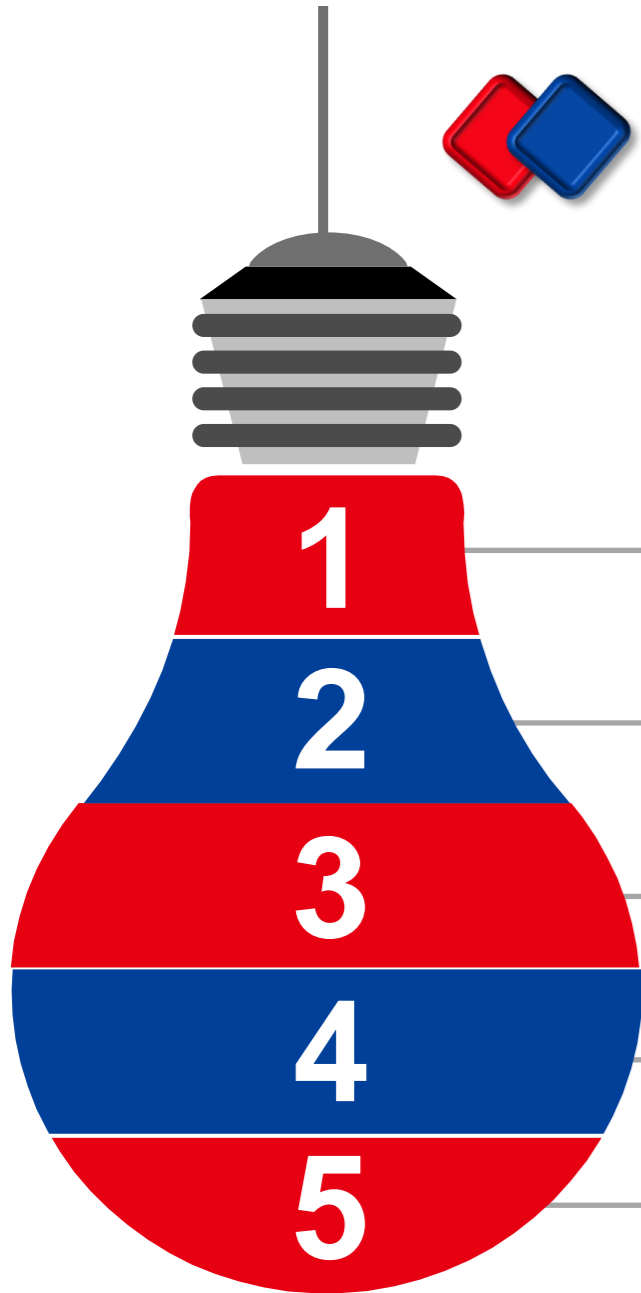

Know yourself and you are the wise man

- ▶ Delphi (英語：Delphic maxims) It is the sacred aphorism of the Apollo gods from the Temple of Apollo in Delphi, which originated in the sixth century BC and is a moral guideline for the Greek family of the pre-Socratic era. It contains many ancient Greek wisdom and character teachings; the most famous rumor is the "Know yourself and you are the wise man" engraved on the door of the Temple of Apollo. Delphi's rumors advise people to live a sincere life, which is the teaching that Apollo gives to people.

项目亮点

1 The world's only research and development of the hand brain reflux assessment system project

2 Non-questionnaire evaluation system industry leader, the test subjects cover all age groups

3 In line with national policies and national certification

4 Affirmed by expert research

5 The only non-questionnaire assessment system that enters public schools

Initiating motivation

**The biggest difference
between people**

Brain above the neck

**Found that each child has
individual differentiation**

**Have different personalities
Different abilities
Even different ways of learning**

Company Culture

Mission

Let each user be clear-minded, knowing and doing, harmony and happiness

Vision

Bring positive energy to the world

Value

Respect human textuality, create outstanding talents, be efficient and pragmatic, and win with integrity

Product Features

Person's
instruction
manual

01

Teaching students in
accordance with their
aptitude
(early education,
kindergarten,
elementary school,
junior high school)

强

If it is a training institution

1. Admissions & Renewal

» How to create a demand for newspapers? How to divert the students and parents to visit the school?

2. Teaching quality and creation differentiation

» How to differentiate from the general training school?

3. Students, parents communicate

» Most of the children's problems come from the family (some parents let the fish learn to fly, the eagle learns to swim)
From blame → considerate children

4. Staff issues

5. The risk of new classes

» In line with the market trend? Follow the trend? Or is it the ability of school students to be generally lacking?

If it is a business

- » 1. How much do you know about your employees?
Case: An employee of a partner company who was originally responsible for research and development found discomfort after half a year.
- » 2. Who is suitable for marketing, research and development, planning?
- » 3. How is the employee's resistance?
Is the self-control ability good? Will it conflict with customers?
- » 4. The supervisor? Good performance management skills are also good?
Raise the wrong person, and hurt the partner to harm the organization.
- » 5. Will the well-trained employees sell the organization?
Watch out for spending money and raise your opponent. Case: Sven Accounting Boy

If it is the sales industry

- » 1. High Sales
"Recruitment" or "sales agent", the sales agent is the truth, high sales can bring high recruitment effect, but the high recruitment number may not be the guarantee of high sales.
- » 2. Really understand customers
Really understand the customer's personality, characteristics, consumer psychology, potential health status?
- » 3. Improve customer adhesion
Have a close relationship with the customer's family, from strange to trust → from trust to trust
- » 4. Lifelong Service → Family Sustainability Service
 - (1) Increase the average amount of customers spent;
 - (2) The same is 100 customers, the customer price is different, the income is different.
 - (3) How to create new value for old customers?

For individuals

There are different choices at different stages.
Do you know where your strengths are?

People's life is always chosen and will go through

1. Education

Being educated and educating children

2. Progression

Liberal arts and sciences, selection department, postgraduate study, study abroad

3. Interpersonal relationship

Parent-child, workplace team

4. Workplace

Job hunting, transfer to the runway

5. Health care

What are the potential conditions of the body, which foods can be eaten to prevent

Development

Currently, Traditional Chinese, Simplified Chinese, English, Japanese and other national languages have been released, and the R&D technical team is also about to release the Spanish version.

The talent cloud assessment system has been actively promoted and promoted in 16 countries including the United States, Canada, Singapore, India, Indonesia, Japan, Germany, and the United Kingdom.

R & D team

↘ Associate of the Talent Cloud Information Academy,
Dr. Zhang Yuzhong

↙ Associate Professor Tang Yonglong, School of Psychology,
Southwest University, Chongqing

↘ University of Washington School of Medicine, Neuroscience, Dr. Hu

↙ Beijing University ; Dr. Liu Shixiang,

↘ Former Vice President of General Wireless Communications,
Mr. Fu Jikang

↙ Taiwan Medical Doctor Dr. Zheng Yujie

**And dozens of domain experts, technology research and
development team**

Detection principle

1. Mainly collect the basic average message of brain brain waves, the trajectory of the past discharge of the brain and the potential difference of the peripheral nerves of the tip of the finger, taking the intersection and reflow of the two.
2. It can measure the degree of signal attenuation from the brain to the nerve endings and the total amount of information and attenuation from the nerve endings and back to the brain, and the type of attenuation signal
3. Based on 140 million system big data technologies (multiple world experts related scientific research results and psychological research + a large number of related data) to report results

In addition, there are more than 2,000 large and small private organizations.

core advantages

The evaluation process takes no more than 5 minutes on average.

No need to fill in any scale

Fully based on human biophysical feedback
No radiation hazard

Why choose talent cloud

SOP

Standardization and systematization of assessment

20Years

More than 20 years of expensive technology that has accumulated huge amounts of money

968times

20 years, 968 times, once a week, data function upgrade

10%

At least 10% of annual turnover is used to optimize the system and train employees

Exclusive technology

The experts and scholars in various fields gather their own research and development according to the feedback of the subject's body rather than the traditional questionnaire.

Improve supporting services

Produce training videos, literature, and articles for clients, saving customers valuable time

Easy to learn

Learning skills can be started in 1-2 days.

National certification

Through the investigation and approval of authoritative organization, the Ministry of Education has listed as a patent and certificate for the psychological consultation of primary and secondary schools.

Testing experience
