

BUSINESS SPONSORSHIP 2024

Lone Star Garden Tractor Pullers is proud to bring garden tractor and mini rod pulling to North Central Texas. We provide affordable family entertainment for community festivals and celebrations.

Tractors are custom built tractors, built to withstand pulling competition. Tractors range from single and twin cylinder engine garden tractors to motorcycle and automotive engine powered mini-rods.

Pullers converge from North Central Texas and sometimes from out of state to compete for trophy and cash awards. These pullers come together in the spirit of friendly competition, just to see whose tractor can pull a weight transfer sled the farthest.

We are an organization that relies on club membership dues and annual sponsorship money from local businesses to put on our shows. We run 10-12 events in a year. Sign up for your annual sponsorship package today!

() **\$250 sponsorship:** Public announcement during every event throughout the year, printed advertisement in our rulebooks, advertisement on our website, and end of year appreciation plaque.

() **\$400 sponsorship:** Public announcement during every event throughout the year, printed advertisement in our rulebooks, advertisement on our website, and end of year appreciation plaque. Sponsor to supply a banner that LSGTPA will set up at events.
