

CANADA TILT TRIM
Customer shipping form / Place inside shipment

Terms:

Each unit is evaluated on arrival. Pricing is subject to the condition of the unit being rebuilt. O-rings, seals, wipers, gaskets, fluids and all labor are included in the estimate. Any parts found to be defective are extra.

Discovery of defective parts can occur any time during the rebuild process. If new replacement parts are no longer available, good working order recycled parts may be used in place of defective components.

There is a minimum \$125 inspection fee which will be waived if the unit is rebuilt. Parts purchased for the rebuild are non refundable.

Customer pays all shipping and handling.

Safe removal, installation and use of the tilt trim is the responsibility of the owner.

You must follow all manufacturers instructions and warnings. A qualified service technician is recommended for removal and installation. Canada Tilt Trim is not in any way responsible for personal injury or damages associated with removal, installation or use of any item sold or repaired.
