

Ontario Society of Clinical Perfusion

Education - Innovation - Professional Advocacy

CONFERENCE 2023

*The Ontario Society of Clinical Perfusion Spring Scientific Meeting, on May 5-6th, 2023.
Estimated Points: 13.5 Class I CEUs Canadian Board: 16 Class I CEUs American Board*

The OSCP encourages perfusionists across Ontario, through data-driven and value-based advocacy, to play an innovative role in the adoption of new technologies and advancing cardiac procedures for all patients across Ontario, and Canada.

Program topics include: Perfusion Strategies for Mini-Mitral Cardiac Surgery, Neurological Impact of Oxygen Delivery on CPB, Perfusion use of Albumin, TEE for Valve Surgery Lessons and a Tool for Perfusion, Oxygenator Supply: Exploring Options for Substitutions, VA ECMO Pt Management and Ex-Vivo Perfusion

Come join Ontario Perfusion programs in supporting strong, comprehensive Cardiac Surgical Programs!

MAY 5th-6th, 2023

INGERSOLL, ONTARIO
REGISTRATION: WWW.OSCP.CA

INFORMATION

**Topics: Improving Perfusion Strategies and Tools for Mini-MVR
ECMO Patient Management and Ex-Vivo Perfusion
Perfusion use of Albumin: Why are we still doing it?**

The OSCP 2023 Conference will provide a unique opportunity for leaders, educators and clinicians as well as for experts and industry to convene and share ideas on crucial issues facing Perfusion in Ontario.

REGISTRATION

Register before April 30th

Early Bird Special

\$165

(OSCP Members Only)

OSCP Members: \$185

Perfusion Students: \$100

Student Speaker: \$50

Non-Members: \$225

HOST SITE

**Elm Hurst Inn &
Conference Centre**

415 Harris St,
Ingersoll, ON, N5C 3J8

ACCOMODATIONS

Deluxe Rooms: \$199/night

(King or Two Queen Bedrooms)

CONFERENCE AGENDA

FRIDAY MAY 5

Moderator:
Diana Galley B.Sc., CPC, CCP
Clinical Perfusionist,
Kingston General Hospital

4:30 PM
OSCP Scientific Sessions Welcome
Diana Galley B.Sc., CPC, CCP

4:40-5:00
Peter Allen RN CPC CCP
History of the OSCP

5:00-6:00 PM
Maggie Savelberg B.Sc.(H), CPC, President of the Ontario Society of Clinical Perfusion
Ontario Perfusion Staffing Crisis – CorHealth and Ontario Health Future Planning

6:00-7:30 PM
OSCP Innovation Dinner: Open Membership and Industry Invitation
It is essential for the busy clinician and industry to anticipate changes in perfusion practice, as well as understanding new technologies available to meet current needs in Perfusion profession.

Join us for a stimulating dinner discussion on:
Topic A: Spectrum Medical Canada: The Future in Perfusion in Canada
Bhavan Sandhu, Director of extracorporeal technologies, Canada
Alex Legassey, Area Vice President Spectrum Medical
Topic B: Perfusion research opportunities in Canada for Masters

7:30-8:30 PM
Fireside chats:
Topic A Perfusion Profession: Where you started, where you've been, and where you are going
Topic B Good or Bad: Changes in Perfusion Scope of Practice

SATURDAY MAY 6

Moderator:
Peter Allen B.Sc., CPC, CCP
Coordinator Clinical Perfusion
London Health Sciences Centre

7-8 AM
Nipro Breakfast Session
Speaker TBD
Novel Features and Benefits to Patient Care Using the Remowell® EuroSets Oxygenator (HC Approved)

8:00 AM
Dr. Corey Adams MD, FRCSC
A Surgical Perspective on Perfusion Strategies for Mini-mitral Procedures

08:30
Dr. Kendra Derry MD, FRCPC cardiac anesthesiologist
TEE Guidance in Minimally Invasive mitral valve surgery

OSCP 2023 Conference

9:00 AM

Dr. Darrin Payne MD, FRCSC Cardiac surgeon

Perfusion considerations for TAVI: Emergency Readiness for Best Patient Care

9:30 AM

Dr. Jeannie Callum MD, FRCPC Transfusion Medicine Specialist, Hematologist

Albumin in Cardiac Surgery: Why are we still using it?

10:00-10:15 AM

Coffee Break

10:15 AM

Usama Saeed BSc., CPC, CCP (OHI, Ottawa Heart Institute)

An Ontario Review of Perfusion Compensation Rates & Strategies

10:30-12:00

OSCP AGM

Topics: President Update on OSCP and CorHealth/Ontario Health Initiatives, Perfusion Education and Training Planning and Redevelopment, OHA Perfusion Compensation working branch update, call for nominees, treasurer and CSCP Liason Reports, vote on AmSECT standards/guideline adoption, discuss pathways for entry into practice in Ontario, share CPSO advisement and response to OSCP realignment

12:00-1:00 PM

Medtronic Lunch Session

Phil Fernandes B.A., CCP, CPC

Nautilus Smart for ECMO

1:00 PM

Dr. Jessica Spence MD, PHD, FRCPC Cardiac Anesthesiologist
(McMaster, Hamilton Health Sciences)

Planning an Ontario Multi-Centre Retrograde Autologous Prime Study

1:30 AM

Genevieve Martel B.Sc., CPC, CCP (TGH, University Health Network)

Toronto Ex-Vivo Lung Perfusion

2:00 PM

Tony Feng B.Sc., CPP, CPC (TGH, University Health Network)

VA ECMO: Comprehensive Bedside Patient Management

2:30-2:45 PM

Coffee Break

SPECIAL PROGRAM

2:45 PM – 4:00 PM Breakout Sessions

Oxygenator Highlights: An Industry Showcase

Hands-On Workshops: Oxygenator wet-lab analysis: Perfusionists will break into groups to enquire and collaborate back on advantages and disadvantages of different oxygenators. Knowledge test and prizes in Oxygenator Jeopardy!

(Terumo, EuroSets, Medtronic, Spectrum, LivaNova, Getinge)

4:00PM

Christie Smith, B.Sc, CPC , CCP

Welcome Back from Workshops

4:15PM

Break Out Session: Oxygenator Evaluation by Working Groups

Oxygenator Jeopardy!

4:45 PM

Christie Smith BSc, CPC, CCP

Closing Remarks for Scientific Sessions

Feedback Survey
