The Legendary Notebook

The Moleskine notebook is the heir and successor to the legendary notebook used by artists and thinkers over the past two centuries: among them Vincent Van Gogh, Pablo Picasso, Ernest Hemingway and Bruce Chatwin.

Today, it is celebrated in pop culture as a contemporary icon, an inviting blank space where your own words and sketches join you to an ever-evolving relay of creativity.

A Creative History

In his book *The Songlines*, Chatwin tells the story of the little black notebook: in 1986, the manufacturer, a small family-owned company in the French city of Tours, went out of business. "Le vrai moleskine n'est plus" are the lapidary words he puts into the mouth of the owner of the stationery shop in Rue de l'Ancienne Comédie where he usually purchased his notebooks. Chatwin set about buying up all the notebooks that he could find before his departure for Australia, but they were still not enough.

In 1997, the company known today as Moleskine brought the legendary notebook back to life.

Our Manifesto

At Moleskine we believe in the timeless power of handwriting as an essential expression of human civilization, a powerful act to unleash human genius and foster the development and sharing of literacy and knowledge. In a fast-paced technological era, we proudly celebrate the artistry of the human touch; the enduring pleasure of putting pen to paper to unleash your unique voice. We celebrate the solemn, thoughtful and meditative gesture of the pen gliding across a blank page; the romance of crafting a personal story to record a lifelong memory and leave a distinguishing mark in all its unique beauty. Handwriting is both universal and deeply personal. It's a thoughtful way to express your true self and connect to others in a very intimate yet universally accessible way.

Put pen to paper, and unleash your unique voice.

Write Your Story

"Every Moleskine notebook is a book yet to be written and a story waiting to be told."

Maria Sebregondi, Moleskine co-founder and president of Moleskine Foundation.

Detour. The Moleskine Notebook Experience

Detour is a traveling exhibition curated by Moleskine featuring decorated notebooks by internationally recognized artists, architects, film directors, graphic designers, musicians, illustrators and writers. Visitors are invited to explore and discover each author's creative process as it unfolds on the blank pages of a Moleskine notebook.

Discover Detour Paris 2022

Detour Paris features notebooks decorated by talented French and international authors. The exhibition was on display at the Palais de Tokyo, Le Bon Marché, Ground Effect Gallery and in Moleskine stores, before going back on the road. Each location around Paris showcased the work of up-coming artists, all of whom have their own a special connection to the city.

Discover Detour New York 2022

Detour New York showcased 75 decorated notebooks by creative thinkers including Paula Scher, Francis Kéré, Sigur Rós and William Kentridge. Each notebook is part of the Moleskine Foundation Collection and generously donated by the authors in support of the Foundation's mission of "Creativity for Social Change."

Sustainable Creativity

Writing a better future together

We are committed to helping create a more sustainable future for tomorrow's wordsmiths, sketchers, thinkers and makers. Discover what we are doing to lighten our ecological footprint, increase transparency and contribute to positive social change.

Love Paper, Love Forests

We love paper and believe that exploring ideas through handwriting will provide many of the solutions we need as a planet to move forward sustainably. That said, we recognize the environmental impact of our work and, since 2008, all our paper has been certified by the Forest Stewardship Council.

Reducing CO² emissions

To significantly reduce our footprint, we need to consider all of Moleskine's moving parts: from operations to our supply chain and even how employees commute to work. Current analysis shows that in 2021 our offices, stores and car fleet were responsible for 383 tons of CO². Our science-based targets for a long-term reduction of this number (compliant with the Paris Agreement) will be defined by 2022.

Turning the page on waste

Our waste elimination strategy is to prevent, repurpose and recycle. New products have a QR code instead of the story leaflet (steadily expanding to existing items), saving 17 tons of paper in 2021, and we repurpose surplus notebooks via our Creative Tools for Social Change program (more than 10 thousand pieces donated in 2021). Crucially however, our notebooks are designed to be treasured, not discarded after use.

Sustainable Creativity

Moleskine Foundation

Moleskine Foundation is a non-profit organization that pursues a mission of “Creativity for Social Change.” Its focus is to inspire, empower and connect young people to transform themselves and their communities. To pursue this mission, the Foundation operates in complete independence from the company. Moleskine covers the Foundation’s operational costs, allowing 100% of resources to be used to create a unique and authentic model for social change.

Surprisingly Paper

Innovation means finding ways to meaningfully improve people’s lives by meeting their real needs. Our strategic innovation is key to our social sustainability goals and we are continuously exploring more effective solutions for our audience. Knowing that our users see analog and digital as complementary, we focus on tools that combine paper and device – functional objects designed to be treasured.

Words Matter

Transparency. Legality. Integrity. Ethical standards. More than just words on a page, these concepts are all expressed, explained and embraced in our Code of Ethics. In place since 2012, the Code contains all the principals that we hold dear and to which we expect all our partners to adhere.

Ethical supply chain

We hold all our suppliers to the stringent ethical standards outlined in our own Code of Ethics. In 2021, 100% of purchases from our major suppliers came from companies compliant with the SA8000 International Social Responsibility Standard, or equivalent. Furthermore, in 2020 we joined Sedex, one of the world’s leading ethical trade organizations and today 100% of our strategic suppliers are Sedex members.

Moleskine for Business

Moleskine helps companies tell their stories

In today's crowded world, it's not necessarily the product or service which helps a company to stand out, but the story. It is the way a company innovates in response to challenges that differentiates it from competitors. Moleskine helps companies tell their stories. Our notebooks are books to be written in, our bags are containers to be filled and our writing instruments fuel to communicate with. We offer simple, thoughtfully designed, functional objects that can be turned into powerful communicators for the world's best brands.

Let's start telling your story together.

From notebooks to bags, the Moleskine Collections can be customized to convey corporate messages on many levels.

Choose objects to personalize

Personalization is a simple and beautiful way to make your project unique. A logo, company identity or name can easily be added to the cover of any notebook, pen or Moleskine object.

Advanced personalization to enrich your project

Surprise recipients with the unexpected. For increased impact, additional details can be added to the front and back endpapers, inside cover or inner pages of our notebooks. Use dedications, carefully reproduced high-resolution illustrations, sketches, images or text to recount your company's story or personal messages. After all, the blank page is there to be filled.

Printed inserts

Incentives, invitations or other additional information can be communicated with an insert, a printed card, flyer or brochure placed inside each Moleskine object.

Packaging

Packaging is an important communication tool which can be added to any project. The Moleskine notebook's paperband can be printed in a variety of colors and we offer customized packaging. Choose from elegant fabric storage bags with drawstring closure, gift boxes or cases. Your logo, tagline or design can be printed on them as you request.

Create a customized set

Communications activities can be taken even further with the perfect match for the Moleskine notebook. Some examples of sets you can create are: notebook with writing instrument, notebook with set of cahier journals, or notebook with pen and bag. Moleskine pens are specially designed to clip onto the side of the Classic Notebook and can be printed or engraved. With high quality ink, customizations last even longer.

12 Months - Undated Planners/Diaries

All the practical and familiar features of a Moleskine weekly planner, minus the dates.

This undated weekly planner can be started at any point of the year. The month, week and date spaces are left blank for you to complete, allowing more flexibility and freedom than a dated planner. By filling in the dates yourself, you can skip any gaps and only use the pages you need. Undated means you can begin using this planner whenever suits you - there's no need to wait for the year to start. You can adapt it to the academic year or fit it around your personal or professional needs. The opening pages of this planner feature timetable pages and space for travel planning, ideas and goals. Bags & Accessories

Containers for a mobile lifestyle.

A Moleskine bag speaks volumes

Moleskine objects are all portable platforms for self-expression – from blank pages that invite you to note down ideas, to bags and pouches that make space for the unique combination of things you carry every day. The belongings we never leave home without tell a story about who we are, just as much as the contents of our notebook and smartphone. Moleskine bags, cases and pouches all convey our personalities by containing the things that we need most often on the move.

Your identity on the move

There are now more than 50 million people living today who rely more on an email address than a fixed abode. These creative professionals and knowledge workers live in a global universe with no borders, where every change of location is a journey, both physical and emotional. In this mobile context, it is increasingly the things that come with us, the objects we carry, that define us. Keeping them safe becomes a basic human need, and the bag we choose for the job speaks volumes about who we are.

What is a Moleskine bag?

Inspired by the legendary notebook, Moleskine bags are smart and well-designed objects that adapt to your needs and unique contents.

- a Moleskine bag **is practical**
- a Moleskine bag **is light**
- a Moleskine bag **is simple**
- a Moleskine bag **is essential**
- a Moleskine bag **is discreet**
- a Moleskine bag **is safe**
- a Moleskine bag **is you**
