

Aluminum Door Catalog

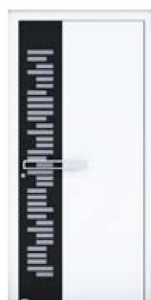

GLASS LINE

Glazing - adorable at first sight and infinitely irresistible. Smooth panes of deep black glass built the elite profile of each model from the GLASS collection. They do rule here. They are like a magnet, turning heads and breath-taking... their depth is simply irresistible. Shiny glass panes do not seem to be fragile; on the contrary, they seem to beam with impressive power!

You make stunning impression right from the start. Always.

FUTURE LINE

Catch the light...

You live intensely, never fading away. You like to glow and receive admiration. There is no need to be in the spotlight – just light up your space. Gentle and subtle LED lighting will make your home shine against the background of the other ones. Functionality and appeal tone in perfectly here. Pleasant glow will lead the way home infallibly even on a dark night.

Shine always and everywhere.

SMART LINE

Is the line of harmony.

Sharp cuts releasing energy. Bold lines ideally integrated with the whole. Door with personality, not to be neglected. Here everything harmonizes and permeates, thus creating an intelligent system of lucid cuts. There is here no room for mediocrity. Routine is put aside.

It's all about emotions!

Design your door

...with endless design possibilities,
you can create your bespoke
entrance....

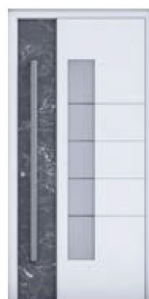

ART LINE

Harmony in the curvature.

Ethereal, multidimensional fineness, sheer elegance, pervasive harmony carrying sensual peace... Can you sense it as well? One cannot resist feeling with the palm along the line between the two complementary powers interlinked ideally, like on the move, permeating and interacting...

Invitation in English style.

Timeless elegance and chic, emphasized by sophisticated details. This door is a promise of a tasteful interior, beaming with family atmosphere. Come in, make yourself comfortable and have a lovely cup of hot tea. In this interior there is no room for chaos. It has been taken away. It is ruled by peace, care for culture and tradition, with love of the beautiful in the background.

You are always welcome here.

The manufacturer reserve the right to introduce changes to product design and dimensions, as well as minor technological modification aimed at improvement of the door quality or functionality, without notice to the customer. Photos, dimensions and colours presented in the catalogue may differ insignificantly from the actual ones due to differences between printed version and the actual situation. The use of original colour chip charts rather than of the catalogue printout is recommended for selection of the colour or the sheathing material.
