Folding Doors

Showcasing not only the warmth and beauty of natural wood, but also its performance and stability, the wooden bi-fold door will be a focal point of your home.

While closed, the bi-fold door allows an abundance of natural light into your home with easy accessibility through a single operating door. And when all the doors are open and folded away, the outside comes inside, providing fresh air and ventilation inside your home, and a clear unobstructed view.

Barn Doors

Wood barn doors capture a traditional style, while the hardware adds a modern twist.

We also supply barn door hardware for glass doors.

Material

Let us help you select the right wood species and door design for your next project. Call us today for free consultation.

Prefinishing and installation is also available. Please contact our sales team for further information.

★ = Outdoor use rating

Decorative Panels

Decorative Panels are an excellent choice for any special and unique project ideas to enhance the value and beauty of your space. Various techniques are carefully used to create different patterns. A new generation of environmentally friendly and easy to apply material will create a distinct warm welcoming ambiance with an impression to last. Decorative panels are available and can be customized with natural, metallic, embossed and graphic elements with series of finishing.

From simple to elaborate, contemporary or traditional, we custom design and provide many options for any architectural style with variety of shape, size, color and design to choose from.

Decorative panel is an innovative product with multiple applications for both residential or commercial projects such as: wall covering, ceiling, door inserts, wardrobe, countertops, partitions, light fixtures, furniture, hotel, restaurant, hotel lobby, office, meeting room, bar, banquet hall, etc.
