

How to Apply for your NFA Tax Stamp Through E-Forms

To purchase a suppressor, SBR, or AOW, you will need to apply for a Tax Stamp through the BATFE. The agency has now made this process electronic, thereby shortening the time required for approval from several months to even a year, down to 45 to 60 days in many cases. Knighthorse Firearms can help you through the entire process.

We will scan your fingerprints take your required Photo

The cost is currently \$45, and you will receive a thumb drive with the files.

You will need an EForms account to process the paperwork. Go to <https://eforms.atf.gov/>

 **U.S. Department of Justice**
Bureau of Alcohol, Tobacco, Firearms
and Explosives

Important Notices for eForms Users

NFA Division recently implemented several processing changes that went into effect at the beginning of February 2024. Relatedly, NFA Division has received questions regarding how NFA applications are processed. The Q&A can be found in the FAQ section of eForms with the topic of '*** NFA Processing Q&A '.

Beginning on 01APR24, NFA applications in a DRAFT status within the eForms system for ninety (90) days or longer will be deleted from the eForms system and no longer available for use, submission, or reference.

Beginning 15APR24, ATF began accepting renewal applications for the 2025 tax year. The renewal fees are submitted through Pay.gov by following this process:

1. Visit the Pay.gov website at:
<https://www.pay.gov/public/form/start/885694833>
2. Complete the ATF Special Occupational Tax (SOT) ATF Form 5630.7 (OMB# 1140-0090) Fillable Electronic Form
3. Choose and Enter Payment Information from expanded payment options.
4. Review and Submit

Timely renewal will prevent a lapse in your SOT permit period.
