
Letter Carrier's Review

An Official Publication of NALC Branch 210

Special Edition

Together we are Strong

2020

SPECIAL HEROES EDITON

This edition is dedicated to all the letter carriers out there risking their health and lives working in the pandemic. Not knowing which houses have quarantined customers, our carriers visit these homes everyday to keep America running. All Postal employees working together going the extra mile for our customers and our fellow citizens.

TO THOSE MEN AND WOMEN, WE SALUTE YOU.

FROM THE DESK OF THE PRESIDENT

KENNETH A. MONTGOMERY

I would like to take a moment and thank all the members for their professionalism during this time and assure you we will be there when we are needed. One item to mention are Postal finances. It is imperative that the Postal Service be included in the next stimulus bill. Due to the pandemic we have experienced a huge loss in volume. We will address Postal Reform later, for now we really need a helping hand from Congress in the way of the stimulus. Other businesses are getting the help needed, we are no different.

You can help several ways. #1 & #3 are the quickest ways to help.

- 1.) Text USPS to 50409. This will generate a letter to your congressional representative asking for Postal Support.
- 2.) Write a letter to your congressional rep and explain the importance of keeping a strong U.S. Postal Service.
- 3.) Donate to the Letter Carrier Political Fund. Call me (585) 721-7397 to find out how.
- 4.) Vote this November and remember those who support us, these are the people we need in office. Support us we support you.

With this pandemic there have been several memorandums and legislative efforts to help our employees deal with family care issues. The Families First Coronavirus Response Act provides for 2/3 pay to take care of childcare paid by the government. This leave is in addition to your annual and sick leave. While it is only 2/3 pay it is available for up to 12 weeks to care for your children when there is no other care giver available (Daycare is closed and Schools are closed). This leave counts against your FMLA entitlement so if you have already used FMLA that would cut into your 12 weeks. This act runs from April 1 – December 31, 2020.

The Act further provides 2 weeks of full pay should you need it as a result of COVID-19 symptoms or a need due to other conditions which can be affected by COVID-19. Keep in mind in either case listed above the first 2 weeks must be taken all at once. For the childcare the remaining 10 weeks can be used intermittently. Questions about this Family First Coronavirus Response act should be directed to the Union office at 427-2450.

Due to the Pandemic the following union functions have been postponed or cancelled or changed

Monthly Union Meeting will be held via ZOOM virtual online meeting until further notice. Email me at kenny@nalc210.com for the link to attend the meeting

May 9th NALC Food Drive	“Postponed until further notice”
May 17 MDA Golf Tournament	“Cancelled”
July 12th Darien Lake	“Still scheduled, will update if it needs to be cancelled”

Thank you all once more and please stay safe out there.

The time is NOW to stand with our heroes at the Post Office!

Trump wants to steal the election & block #VoteByMail by killing the @USPS, but Congress can stop him this week!

Text USPS to 50409 to tell your reps to #SaveThePostOffice.

It takes 2 mins - Act Now & RT!

Text USPS to 50409 to tell your reps to #SaveThePostOffice

Support the USPS!
An open letter to the U.S. Congress started by @art1
The United States Postal Service is a time honored institution that employs thousands of Americans, including veterans, and is essential for the maintenance of a functional democracy. In the age of COVID-19, having a healthy and strong postal service is more important than ever. More and more Americans are relying on the USPS to deliver medicines, food, and essential items that social distancing is a matter of life and death. The USPS is a lifeline for all Americans regardless of age, gender, race, disability or socioeconomic status.
Please make supporting the USPS financially a pressing priority. This is a no-brainer non-partisan move that will help millions of Americans and likely save lives. Thank you for your time.

Piper

Thank you Monique @mo5670. And thank you @NALC_National for all you do for us, from delivering medicine to ballots to birthday cards, you improve our lives.

Friends, if you want to protect our @USPS text USPS to 50409 and urge your elected officials to #SaveThePostOffice

You really go out of your way to be helpful and to keep things running smoothly around here.

You do your job with a smile and no need for a lot of praise. But today, and always, you deserve a lot of thanks for everything you do.

You are appreciated
Thank You for all you do for us

Rodney Tull, Westgate was recently interviewed by Channel 10's Berkley Brean

Brean: "You're not worried about your personal safety as you're out on the road as your going business to business, home to home?"

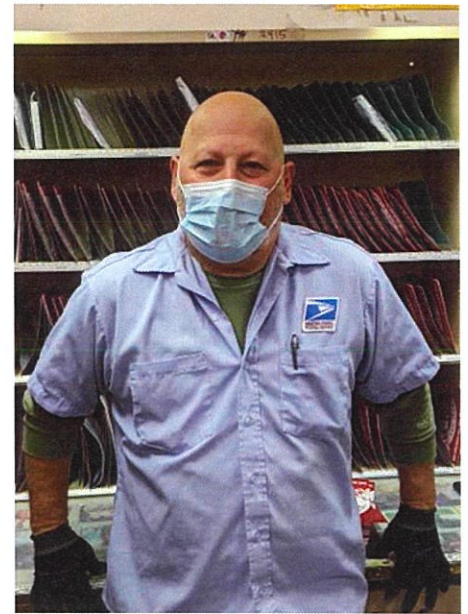

Rodney Tull, postal carrier: "I wouldn't say I'm not worried. I feel safe as long as I continue to do the safety procedures that can keep me safe and the customers safe."
