Choice Bits

We should seize every opportunity to give encouragement. Encouragement is oxygen to the soul. The days are always dark enough. There is not a need for us to emphasize the fact by spreading further gloom.

FOLKS, PLEASE READ

JACKSONVILLE, ILLINOIS 62651

THIS PAGE TOO!

YOU NEED US

WE NEED YOU

Membership year:	January 1 to December 31	1990
Regular Dues for Individuals, Institutions, or Libraries		\$ 10.00
Charter membership renewals (those who joined before May 1973)		9.00
Spouse of regular or charter member		1.00
Life members		\$ 150.00

PLEASE NOTE 1990 INCREASE IN DUES FROM \$8.00 to \$10.00 per year

Each member receives a card; however, each family receives only one copy of our quarterly the Jacksonville IL Geneal Journal published for March, June, September and December. Our fiscal year--starts January 1 and ends December 31.

Your volunteer Officers and Board Members appreciate your support as indicated by your friendly letters and donations to our Society and our Library Fund. Our Library is expanding rapidly, as are the expenses of maintaining it at 203 South Fayette Street. Mary Frances Alkire is the Librarian. Call (217)245-5911 for an appointment if you are planning on being in town. (This is a new phone number).

MEETINGS: Any interested person, member or not, is welcome to attend our meetings on the 4th Thursday nights (except July and Thanksgiving) at the Salvation Army conference room at 331 West Douglas. Doors open at 6:30 p.m. for registration, visiting and browsing the usual displays of genealogical materials.

Meetings start at 7:30 p.m.

* * * * *

Membership dues and donations are our only way to pay for the ever-increasing costs of publishing and mailing our popular quarterly. It contains hundreds of names for several counties in West Central Illinois. Most of these records were never before available for public use.

Each member is invited to file his or her Lineage Charts with our Society. Sometimes we are able to put individuals together who are working on the same family lines from our extensive Surname Index.

* * * * *

IF YOU ARE AN OUT-OF-STATE RESEARCHER, or live in our state, please be informed of the 1973 State Law passed by our House and Senate at the request of the Illinois Public Health Department pertaining to the Vital Records of Birth, Marriage and Death. County Clerks will require you to have a membership card from a Genealogical Society in Illinois before you will be permitted to search those indexes. This privilege prevented those records from being closed to public use altogether, as was the plan. This law does not apply to Deeds, Mortgages nor Probate Records.

* * * * *

PLEASE SEND LONG (business-sized) ENVELOPES when requesting genealogical materials in order to avoid so much folding of important family data being returned to you. Many societies will not answer letters which have no SASE enclosed.

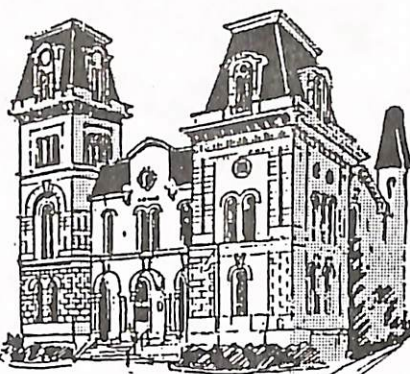

Please: do not write messages on our membership sheets enclosed with each September and December quarterlies, nor mutilate them by tearing parts off. This is our very important part of our complicated bookkeeping system handled by two individuals. It takes a volunteer's precious time to staple small parts to an 8½x11 sheet, or rewrite the original information.

We wish you much pleasure and good luck in your family history research. We will try to assist you as much as we can in 1990. - ii -

"I have never seen a man who could do real work except under the stimulus of encouragement and enthusiasm and the approval of the people for whom he or she is working," or else who has an ambition to accomplish that which is most desired in his or her own heart and mind. Family historians "are a breed apart" in ambitious undertakings in that respect. Keep up the good work, my friends! Somebody has to preserve the history of the past. We hope our children will never forget to carry on the mission and tradition set by our present generations of genealogical researchers.

* * * * *

Folks, here's a hint I hope will help both of us -- you there, and me here. If you desire to order some page(s) to supplement the indexes I publish in our quarterly, please be specific as to the date of issue, the page, and name(s) of the ancestor you want. One well-known individual gave only page numbers for the Anderson Funeral Home Record. In the meantime, I had copied another of John Power's books, and photocopied the pages out of that book, which did not have the ancestor wanted! Time and postage wasted! One lady wrote wanting information "on my great-grandfather". Her letter explained why she wanted it, but not the important data -- his name!

Instead of sending us only a name to look up, please give as much other data on that person as possible, especially name of spouse, and maiden surnames. One person wrote to our County Clerk for "a birth and death certificate" for a certain female. There was no birth record, nor death. Penny showed me the letter. I went to the marriage index, found her married surname, and then the death certificate could be found.

* * * * *

And now we must bid adieu to 1989. May the Good Lord bless and keep you in 1990.

JAG&HS XVII #4 Dec/1989

- iii -

Dear Geneal Members and Friends, our Co-workers

12 January 1990

The purpose of displaying my family circle logo is to give what might be a good idea to our genealogical readers who can easily produce one of their own vintage. I received the idea from one that had "Me, dad, mom, grandpa, grandma, grandpa, grandma." Around the rim was "Family History Is Fun".

A Few Facts of Life: Immediately after January 1st, we start getting phone calls and letters "I haven't received my December quarterly yet!" That's because we never get them printed or put together until AFTER January 2nd for a lot of reasons.

1. It takes your editor about 6 weeks to gather material, organize and type it, and put together 40 print-ready pages, which gives her very little time for Christmas enjoyment.
2. We never get them printed or put together until AFTER January 2nd for many reasons.
3. The shop, Krell's, that makes the masters is too busy at Christmas time, and is closed immediately thereafter until January 2nd.
4. Our faithful printer, John Mattes, and his family work at other jobs up until the day before Christmas, then needs the following week for vacation time.
5. Then comes delays of one kind or another with illnesses, bad weather, or lack of volunteers to help Florence collate and staple together 800 quarterlies, 625 or more which have to be sorted into 21 different categories and mailed out to 40 states and Canada. Sounds easy, doesn't it -- on paper.
6. Bulk rate mail to our members in far-away places sometimes takes 2 or 3 weeks for delivery, according to the temperament of the local postoffices. They, right after Christmas, have the mammoth job of delivering Federal and State income tax forms for your enjoyment and future consideration.

After Lucille and I have heaved a sigh of relief that the quarterly work was done, we hug each other and say "We dood it!" In due time, however, quarterlies start coming back for which we pay 85 cents postage. The postoffice has kindly included a new address on it, or labeled it "temporarily out of town". Either our member has failed to send a new address to us in time, or else we sent it to a summer address, and our member is enjoying the sun in another state for a few months. By the time our addressee has finally had a quarterly we send first class, our postage amounts to about \$2.25 for each one. By this you can see "'Taint easy" being a faithful volunteer trying to help people find their people here in west central Illinois. But here in Jacksonville we sure try hard enough.

I was given to understand by one of our members that she was very unhappy because the editor does not publish queries. We have not done so in 17 years, nor expect to start very soon for several reasons. Your editor is sorry for appearing to be so inconsiderate of a member's personal needs, but this is one thing we cannot do under present circumstances. We feel that publishing indexes of names of long-ago residents is more important to more of our members, than just one person's selfish desires. Since a non-member's name, address and surnames will always remain in our files, he or she may hear from some kindred souls in the future as they come across this type of info.

Do you have family treasures that mean something special, perhaps to you alone? I do, and think it is worth sharing as my parting message for 1989. Barely readable yet on an old plate probably a hundred years old, which was given to my dear sweet mother years ago, amidst a garland of roses is a poem "A Loving Word".

Take time to speak a loving word.....Where loving words are seldom heard.
And it will linger in the mind.....And gather others of its kind,
Till loving words will echo where.....Erstwhile the heart was poor and bare.
And somewhere on thy heavenward track, Their music will come echoing back
And flood thy soul with melody.....Such is Love's immortality.

Sincerely yours,

Florence Hutchison

Page 1: 1989 DIRECTORY OF MEMBERSHIPS OF THE JACKSONVILLE AREA GENEALOGICAL AND HISTORICAL SOCIETY, INCLUDING SURNAMES BEING RESEARCHED

We, the officers of our society -- whose names and addresses are on the inside back cover -- sincerely appreciate our correspondents who become members of our genealogical family and help to support our volunteer efforts in disseminating acquired family history and printed indexes and records for this part of west central Illinois. After 17 years, we have collected a lot of records for Morgan, Cass, Scott, Greene, Macoupin, Jersey, Calhoun, Pike and Sangamon, in particular.

Surname research has become "a way of life" for locating possible family connections; therefore we have had much success in printing membership directories every two years, along with addresses and surnames being researched. In this way, genealogists can look over the extensive names and probably find some other kindred soul who may share information on a related family, or be able to tell a searcher where such records may be found.

This also gives our staff a way to bring all records up to date pertaining to current members, changes of addresses, finding those who may now be deceased, and listing more surnames for later research. New members can thus join in with older members, and older ones thus have new people who might be researching the same data, and possibly have new related information to share.

Your editor-typist faces many problems while encountering hand-writing styles, and surname order. Should all names be alphabetical? Or, should they be included as sent in by the member? The latter system indicates the order of importance to the research of the individual. To alphabetize makes the search easier for the reader, but involves too much time to produce the quarterly. There will probably be tiny errors creep in, for which we hereby apologize beforehand. We would appreciate your letting us know so that we can eventually make corrections in necessary places.

Most important is that members and prospective members use our membership sheets enclosed with each September and December quarterly, when submitting dues -- properly and carefully filled out -- and listing surnames of interest. Some members wrote "same as last year", or "will send later", etc. Most Life Members ignored our request for a new 1989 list. Rather than have only their name, we referred back to our September 1986 quarterly for many of them, particularly names of many requests.

Some members sent small pieces of notepaper with dues, their name and address, but no surnames. In that case our financial secretary, who handles all the incoming mail, had to staple the notes to 8½x11 sheets, or take time to write the information on a membership blank, in order for them to be put in our 3-ring notebooks. Or, the editor either has to search old records for surnames, or omit them in the Directory.

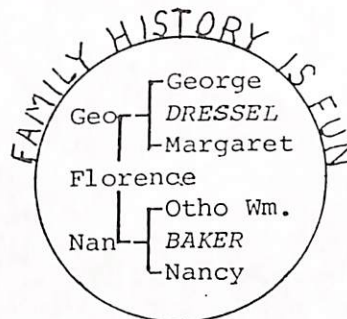

Pertaining to state abbreviations -- your editor does not strictly stay with the two-letter system, as you will see. Many individuals do not understand it, nor have a chart handy to look up the state code letters. With three or four letters, there is no mistaking the state's name. AR (Arkansas) could be mistaken for Arizona which is AZ. AL is Alabama, whereas Alaska is AK, etc.

Folks -- when we volunteers are handling hundreds of memberships making corrections, stapling bits of paper, looking up surnames is a very time-consuming operation! YOU have only one sheet to fill out -- we have many, in addition to all the other duties we officers have acquired over these 17 years of volunteer dedication to "helping people find their people" here in west central Illinois.

"Taint easy", BUT WE HOPE OUR EFFORTS WILL PAY OFF IN GREATER CORRESPONDENCE BETWEEN OUR MEMBERS, AND A LARGER SHARING OF FAMILY INFORMATION AMONGST OUR SUBSCRIBERS. Don't give up if a few letters go unanswered, or yield little information. "If no ships are ever sent to sea, none will ever come sailing back to you, no matter how long you sit and wait for them."

FAMILY HISTORY IS FUN?

When your editor counted the number of members as individuals or husband/wife combinations -- which were 620 -- and looked at the thousands of surnames to type from the six big notebooks filled with 1989 membership sheets, and put it all in one 20-sheet quarterly -- the Membership Directory project seemed impossible! All she could do was bravely start in typing, using every means at hand to conserve space, and yet make all of it readable.

One of these ways was to limit those members with long lists of surnames to four lines, which may not please them. We apologize for this inconvenience, but it is the best we could do under some otherwise trying circumstances beyond our control.

Genealogical records of this nature are like the proverbial "two-sided coin" -- there are many opinions of opposing nature depending upon the viewpoint of the opinionee who have never tried typing the pages and putting a quarterly or newsletter together, especially 800 copies as we do every 3 months.

Postoffice rules are very strict on bulk rate mailings. We have to sort the back-cover names of members in to 19 different categories to go out to 40 states and Canada, and which fill three big bags of mail which has to be delivered to the post-office. Then we have to lug the remaining nearly two hundred to our home basement for future sale when new members want back issues. We sell then @ \$10.00 per set of four per year -- March, June, September and December. Years available yet are 1979 to 1989. We do not have funds available to recopy from 1972-1978.

Did you ever look at immense stacks of 16,000 printed sheets of paper (32 reams) on a table in front of you and wonder how in the world you can last in putting 800 quarterlies together out of that, four times a year? Try it sometime -- you might like the enjoyment of seeing them melt down as they are laboriously collated, only to have the great stacks build up somewhere else in the room!

Do you know what happens to all those lovely people who volunteer to help when you need them? Usually they are at work, or gone on a vacation somewhere. And yet, we advertise the fact "Family History Is Fun"!

SOME WORDS OF ADVICE TO COMPUTER GENEALOGISTS

More and more family historians are investing time and money in computerization of their records, without observing some necessary items needed to make their works readable, easy to file, and be retrievable for use of interested family-related researchers.

Please read these suggestions! If you are a non-computerizer, maybe you can send me some additions to this list for the future.

1. Leave three-fourths to one inch spacing on the left-hand side of each and every page for binding, or putting in 3-hole notebooks for easy storage, accessibility, and possible photocopying. Nothing is so irritating to the recipient as to have no easy way to file the sheets except loose-leaf style in a zip-loc bag, or manila folder, or with paper-clip attachments.
2. Leave at least one-fourth to one-half inch at the right-hand side of page. We have received cemetery readings where the individual typed clear to the right outside edge. When we made photocopies of the original, important information was lost, and there has been no way to retrieve it.
3. Change your ribbon OFTEN on the printer! Nothing is so disappointing to a recipient as to be unable to read the page, or make a readable photocopy.
4. Do not send our society a large amount of paper with skeleton family history for us to file. We need less paper - not more. Instead, send us ancestral charts, preferably typed or handwritten with black pens, not light blue nor pencil!

The numbers preceding names of members is a method by which we can make a complete surname index eventually. "Life" on second line indicates a Life Membership. Surnames will be listed as given to us by member. *Indicates 1990 dues already paid.

All "89-ers" who did not get their dues in soon enough will have their names etc. in our March quarterly, hopefully.

We would like to note here that Phil Sanford, whose wife Doris passed away in 1988, is organizing her files of extensive Portuguese research. He is going to place the bulk of it in the Illinois State Historical Library in Springfield. Duplicate materials he finds will be sent to our Society Library, since we have many members looking for their Portuguese ancestors. However, this will be a very long-term project for Phil, so we cannot expect the materials to arrive very soon.

ODDS and ENDS and C^THER TH^INKS. Today me-thinks my Thinker is "played out" after getting the bulk of the 1989 December quarterly to the master maker so that our wonderful printer, John Mattes, can start his off-set printer rolling over the weekend. Here's hoping I can find some ready volunteers to help with the collating, stapling of quarterlies, and getting them sorted into the right 19 categories, tied up and in the mailbags. My most favorite person is no longer able to assist with these problems. She has just gotten out of the hospital and is recuperating at home after a heart attack. It is to Miss Lucille V. Crawford that all of you "out there" owe a debt of gratitude for faithfully keeping the membership records for many years past. It was she who abstracted from your letters many requests for help through your queries. She always faithfully published the names, addresses and surnames being researched for the seven area newspapers. Many of you received much benefit from these, as local people would write to some of you.

Of course there were some of you who did not get benefit from our efforts to please everybody, and are critical as to the ways we do things. But on the whole the many complimentary things that have been done and said for our inspiration has kept us rolling along over the rough spots and hard work that it has taken in order to maintain a growing genealogical society for seventeen years.

Nobody can step in to Lucille's shoes -- because her feet are too tiny! Another of our faithful past officers is leaving this next month -- Barbara Henderson. She is moving to California to join the other 77 members we have out there. We told you at some time or another that Jacksonville was the starting point for every body who "went that-away" to the West. And their descendants are still doing it. Personally, I prefer our earthquake status here to that "out there".

Like a frog sitting on a Lily-pad -- where can I hop to next? We sometimes find things in the other society quarterlies we exchange with that sort of express genealogical opinions that are common to us all as we diligently search for our ancestral roots. This one came in the Decatur Genealogical Society of Macon County in August 1989.

Are these typical of some of your experiences?

WHY IS IT? The only overturned, face-down tombstone in the cemetery is your grandfather's? The only blot on the page of the census record covers your grandmother's birthplace? Your ancestor's will leaves his estate to his "beloved wife and children" but doesn't name them?

WHY IS IT? The information you desperately need could be found only in the 1890 census? Just as you are hot on the trail of an ancestor, it's always time for the library to close? The person next to you seems to have all the luck, and you can't find a thing? So, what are you going to do about it? Give up?

One of our members wrote that she sent nine letters to others of our society and had nothing in return. Another reported that he sent 20 letters and received 19 back. So one has to take his or her chances. Many family historians greatly benefit by the exchange. This bit in the Sunshine Magazine for June 1979 says it all:

Don't Worry About the Hills. Many people feel that life is uphill all the way. They fail to look at things that are good, enjoyable, and worthwhile. They are conscious only of the climbs. No road is uphill both ways! Learn to think more about life's blessings, and the hills will be easier to climb. Think of life as "a miracle". It's a miracle that you and I are in the particular spot of this world that we live in, and call home. Make the most of that miracle by looking around to see what you can find and do to better your own, or your family's, situation and historical setting. You are here on earth because of seeds passed on from generations of past marriages. Since the 12th generation - your nine-great-grandparents - there are 1024 men who married 1024 women and brought YOU into the world!

"PLEASE HELP" writes Eileen Gochanour, 2317 North Fifth Street, Springfield IL 62707 I have in my possession an old photograph book with 45 pictures, some of which are tintypes, and some just small pictures to fit in the book. Many of the pictures were made at studios in Jacksonville. The book was bought at a New Berlin Antique Sale in September 1972 from a Mr. Massey from Murrayville.

Lots of Portuguese names appear in the book, but not enough identification to determine to whom they belong. We are giving some of the names below. Perhaps someone "out there" may be able to identify which family this may have belonged to. Eileen has copied the pictures and put them in booklet form. How much she charges for a copy is not given, but if you are interested you can write to her. A couple of dates of 1870 appear in the book.

| 10. Miss Lizzie Moline | 18. John Smith Pitta [and many others] |

* * * * *

We now have a computerized record of all burials 1850-1980, along with other data, thanks to the record keeping for St. Paul's Lutheran Church at Chapin, Illinois of Ada Schumacher (recently deceased), accomplished by Pat Nichols who is quite expert on her computer, and has observed our important rule -- keep black ribbons on those printers! Here's a sample:

ST. PAUL'S LUTHERAN CHURCH
CHAPIN, ILLINOIS

Page 4--INDEX: Year-month-day

Death/Age/Birth/Relationships

BURIALS 1850-1980

LAST NAME	FIRST/MIDDLE NAME	DEATH	AGE	BIRTH	RELATIVE NAME	RELATION
BROCKHOUSE,	Martha	19550406	89y 2m11d	18660126	BROCKHAUS, Gerhard Heinrich & Margarethe (Gilbert)	Parents
BROCKHOUSE,	Mary Ann (Maria Anna)	19300312	76y10m28d	18530414	BROCKHAUS, Gerhard Heinrich & Margarethe (Gilbert)	Parents
BROCKHOUSE,	Vancil Weiser	19801013				

Are you confused by those long numbers? 19550406 or 18660126? Better get used to it because that is the new way computerization is being done now for genealogical purposes. The dates of birth, death and marriage read backwards to what we are used to. Martha died 6th of April 1955, and was born the 26th of January 1866! Mary Ann Brockhouse who died the 12th of Mar 1930 aged 76 years 10 months 28 days, was born the 14th of April 1853. Practice on reading these now so that you will understand them when you find such a record in a library.

* * * * *

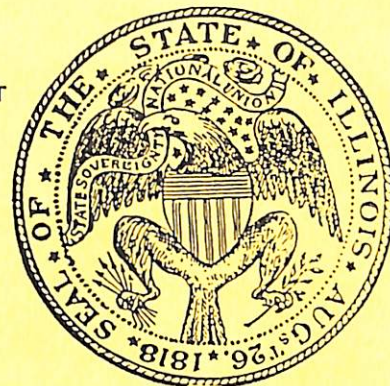

One of our next contributions in the March quarterly - hopefully - will be a continuation of the Anderson Funeral Home Records which Editor John Power of the Jacksonville Journal Courier permitted me to photocopy. Quite a few people wrote back to your editor for copies of the pages with a relative's name on it, so I feel that this is a worthwhile project to record in our quarterlies.

—Seal of the Illinois Territory.
