Just think! 164 years of PEOPLE have lived, died, and passed through 102 Illinois Counties since this map was created in 1818.

Cemetery Advisory Board gets Waverly burial list

The Morgan County Cemetery Advisory Board met at 1:15 p.m. Wednesday at Jacksonville Public Library with chairman Myra Martin of Waverly presiding.

Listings of over 5,000 marked and unmarked burials in Waverly East Cemetery were presented to the board. The information is available from Mrs. Guy Martin, 359 E. Tremont, Waverly, IL 62692; Mrs. Merrill A. Stewart, 190 S. Gove, Waverly, or Mrs. Shirley Aleguas, 1112 Longmeadow Lane, Western Springs, IL 60558. Inquiries must include a stamped, self-addressed envelope.

A lone toppled tombstone was recently found in a grove of trees in Section 32 Township 13N Range 8W less than one mile north of the Morgan County-Macoupin County line. The tombstone marks the grave of Minnie Vulburdon, born Oct. 20, 1799, died May 7, 1871 at age 71 years 6 months 17 days.

Fifteen additional grave markers will be dedicated at Rogers Cemetery near Waverly at 11:30

a.m. on Memorial Day.

Mary Frances Alkire reported the 1850 Morgan County census has been transcribed but is not yet published. She is presently transcribing the 1860 Morgan County census.

The records available to the cemetery advisory board are sometimes useful in proving eligibility for Social Security benefits. Mrs. Florence Hutchinson pointed out a source sometimes overlooked is old insurance policies that note dates of birth.

The problems encountered by cemetery boards in hiring dependable temporary employees for summer maintenance work was discussed.

Attending Wednesday's meeting were guest Mrs. Merrill A. Stewart and board members Myra Martin, Helen Sayre, Florence Hutchinson, Mary Frances Alkire, Virginia Gordon and Robert W. Dalton.

Next meeting of the board will be Tuesday, June 1 at 1:15 p.m. at Jacksonville Public Library.

Waverly society discusses Memorial Day dedication

WAVERLY — At the Waverly Genealogical and Historical Society meeting March 22, there was discussion on the dedication of the stone for the park. It is the wish of the society that the dedication of the stone be incorporated with community Memorial Day services.

Mrs. Milda Crum, president, presided over the meeting during which minutes and financial report were read by Sherry Austin. Membership has now reached 165

paid members, it was announced.

The motion was made and seconded that the dinner sponsored by the society will be held the third Sunday in September. Work committees will be chosen later.

Louise Dennis reported that she is gathering information on two or three one-day trips to be sponsored by the society. Many interesting places have been suggested.

Also suggested at the meeting was to have a genealogy workshop, mainly to help area residents write a family history for the book that the society is trying to get together to be published. The date for that workshop is to be announced.

Early cemetery topic of Mason historical group

HAVANA — The Mason County Genealogical and Historical Society will hold its regular meeting 2 p.m. Sunday, May 16, at the Havana Public Library.

The program on Fullerton Cemetery, located within the Havana city limits and used from 1837 to 1889, will include discussion of origin of its name, family names represented and their heritage to the community, followed by a tour of this early burial ground.

The public is invited.

Next month's meeting, featuring George Dirreen, author of "Prairie Winds," will be on June 13, instead of the usual third Sunday, which is Father's Day.

Sounds like a good program!

* * * * *

S U C C E S S

If you have tried to do something and failed,

You are vastly better off Than if you had tried to do nothing, and succeeded.

* * * * *

If YOU have "Waverly Connections", may I suggest that you write your family history sketch and get it in soon to Mrs. Myra Martin.

Everybody wants their biography in an area history book, but they always wait until the book is published, and then wish they had sent theirs in on time!

* * * * *

Your calendar shows the passing of time--your face shows what you are doing with it!

I've never seen a smile on the face of a jogger, but sure have seen lots of smiles on the bright happy faces of genealogists!

Odds and Ends--and Other Things	34

Friendship is an asset that can only be obtained by first giving it.

It has been said, "We gather our friends like lavender, flowers whose perfume never fades, and clasp them all lovingly to our bosom; and there the fragrance, lingering wafts beatitudes to us of peace and loveliness forever."

We are therefore very thankful for all the genealogical friendships developed during the past ten years since our Society was organized in 1976. Our vast files of correspondence are the lingering fragrance of friendship and happy memories of service to those who came to us for help. But the greater joy currently comes when we can pull a file of years ago and a new genealogist can find exactly what he is looking for to complete his family history. Such was recently the case on a letter kept since 1973. We in turn received from Mr. Osborne materials he sent for from the Greene County Historical and Genealogical Society. He said they charge \$1.00 for the first 3 pages, and 50 cents for each additional page.

May I suggest that family historians with Greene County interests send a letter asking if there are files on families of their particular interest, enclosing an SASE, and request cost of copying the file, should they have it.

The Illinois State Historical Library also has many family history files. You may send a similar request to them, with the SASE for an answer. Who knows? They may have just the family you are looking for.

Have you sent us your Lineage Chart to put in our files? If you sent one a long time ago, perhaps you would like to send a newer updated one, should you have made much more progress in your historical research for new ancestors.

Remember: The clock of Life is wound but once, and no man has the power to tell just when the hands will stop, at late or early hour.

Now is the only Time you own. Live, love, toil with a will. Place no faith in tomorrow, for the clock of Life may then be still.

Dear Friends and Geneal People:

25 May 1982

Our June quarterly is on its way. We hope that its contents will to you say----"we love you" every day. We are trying to share with you many bits of historic information which will help our multitude of family history seekers from the many states of the USA.

And speaking of caring and sharing: We get many reports from our faithful genealogists about persons who want to borrow their family history books to copy. The prospective borrower makes great promises about some of his history he will share. But when he returns the family history book he scarcely says "Thank You", and usually fails to bring along the history he promised to share. One lady called the borrower and asked about the promised material. The answer, "What do you want that stuff for, it doesn't apply to your family!" Of course it did have a relationship that the uncaring borrower didn't know about.

Here's a tip--don't loan out your original family history book, unless you are able to be present when the materials are being handled back and forth on the machine. It may get some undue wear and tear from careless hands otherwise.

Never loan books with original photographs in it. Make photocopies of photographs and original documents to put in your book, and keep originals in metal filing boxes.

It is so nice to know when we have helped someone. A new member called long distance to find a Scott County cemetery location. I gave her the name of Larry M. Evans, 2228 Lowell, Springfield IL 62704. She wrote back to say: "He gave me excellent directions to the Overton family cemetery. It is in very bad condition and very inaccessible. I'm so grateful to have seen the stones of my dear ancestors with my own eyes. I took my 5-year-old daughter with me, and she became very excited too--it was quite an adventure for her! Thank you, Betty Trojahn."

We have so many people in our area to thank for helping to locate old cemeteries, and to transcribe the stone readings for those people who cannot travel to the site of their ancestors and collateral relatives. We try to share as many indexes of these with our readers as possible. We can't find everybody, but we sure try!

Sign in an optometrist's office: "If you don't see what you're looking for, you've come to the right place."

Sign for a genealogist's desk [if there is room]: "If you don't know what you're looking for, you've come to the right place to find it."

One of our members wrote, when paying dues, "Keep up the good work--your periodical is devoured the day it arrives." But what I want to know is--do you refer back to them a few years later? May I suggest that some of your old ones may have things in them that you could now use from your new experiences. Why don't you get them all out and see what they might contain that you need. If you do not want to keep them, please do not throw them away--give them to some nearby library that may be looking for some genealogical materials to keep on their shelves. But ask the librarian first if he/she is interested in receiving them. If not, look around for some other library.

For those members new in 1982, may I suggest that you purchase our 1981 set of four quarterlies (\$10.) so that you will have the names and addresses of about 500 members in 40 states and Canada. The surnames they are working on are also given. Here is what one member wrote back: "I've made some positive contacts thru the Directory of Members. Great people! Keep up all the beautiful work! Helps us far-away family historians keep in tune to our past ancestories."

An old comment: "By their handwriting ye shall know them." A genealogist's lament: "By their handwriting ye shall try to decipher what they meant!"

Are you considering moving your abode soon? Please let us know ahead of time. If you don't write and let us know, we pay the Postal Service 25¢ to give us your new address, plus 71¢ for your returned Journal, plus 71¢ for re-mailing it to you again. Won't you please help us? Thank you.

Genealogically yours, *Glenn Hutchison, Pres.*

While our part of West Central Illinois was included in St. Clair County territorial records in 1809, it is doubtful that there were many white men amongst the Indians inhabiting the land about which we are writing this brief, but important, historical review.

By virtue of the powers vested in the Governor of Illinois Territory, "the County of Madison was laid off the 14th day of September, 1812, and the Independence of the United States the thirty-seventh".

In order to determine whether there were enough inhabitants to establish a state, a Federal Census was ordered to be taken in 1818. [See results of this census in following pages.] The state's constitution was adopted in Constitutional Convention held in Kaskaskia 26 August 1818. Illinois was not legally the 21st state until president James Monroe signed the bill 3 December 1818.

The 21st star was officially added to the national flag 4 July 1819 according to the Flag Law passed 18 April 1818 on the same day as the Illinois Enabling Act went into effect. [Doesn't that make Illinois and the Flag twins?]

It is well for the genealogical researcher to be aware of the fact that all legal records would be in the Madison County courthouse, with its vast unorganized territory, from 1812 until the 20th day of January 1821 when Greene and its territory was established. Greene included what is now Jersey, Macoupin, Morgan and Scott. See notes below:

- The southeast quarter of Macoupin was removed from Greene and added to Madison 3 Jan 1825 until 17 Jan 1829.
- There are historic reports and misconceptions that Morgan was a part of Sangamon County. "Old Morgan" was never in Sangamon, except for a small part of it north of Indian Creek, and Cass. Middle Illinois was referred to in many historical documents as "Sangamon Country", meaning land drained by the Sangamon River, and had nothing to do with the county of the same name.
- Early records for those townships and ranges between Indian Creek and the Sangamon River, which included Cass, would be in the Sangamon County courthouse.
- Land grants of all the Districts in Illinois, bounty land grants, state census reports, etc. are housed in the Illinois State Archives Building, Springfield IL 62756.
- If a researcher does not have the excellent reference for the county changes, they can secure a copy from the Secretary of State, Springfield IL 62756, by requesting the booklet *Counties of Illinois, Their Origin and Evolution*.

The Laws of 1821 also established Pike County with its vast unorganized territories all lying west of the Illinois River, and east of the Mississippi, from Calhoun to Chicago, and to the northern boundary of present-day Illinois. From this was established the military bounty lands. The Laws of 1825 established Calhoun, and reduced Pike to its present confines.

Schuyler County was established in 1825, and included Brown until 1839. Cass was formed from Morgan 1837, with the northern part of Morgan called "The 3-mile Strip" being added to Cass in 1845. Scott County took off from Morgan in 1839. Jersey's formation from Greene was also in 1839. Three-fourths of Macoupin came from Greene in 1829, along with the southeast quarter from Madison. Refer to table of county formations next, in order to determine which county courthouse has legal land, court and marriage records for any given period of time. Remember that birth and death records were not required to be filed anywhere in the State of Illinois until the very last part of 1877.

Parents' names went on marriage records in 1878, but a family historian will find no parents' nor spouses' names until after 1911 on death certificates.

Did you know that Dane County, established 15 Feb 1839 had its name changed to Christian County 1 Feb 1840?

Table of County formations for West Central Illinois area:					County Seat
St. Clair and unorganized Illinois Territory	was formed	27 Apr 1790			Belleville
Madison County and "	" "	14 Sep 1812			Edwardsville
Greene County and Territory	" "	20 Jan 1821			Carrollton
Sangamon County and Territory	" "	30 Jan 1821			Springfield
Pike County and Territory	" "	31 Jan 1821			Pittsfield
Morgan County (including Cass and Scott)	" "	31 Jan 1823			Jacksonville

Calhoun County (from Pike)	" "	10 Jun 1825			Hardin
Macoupin County (3/4 from Greene, 1/4 Madison)	" "	17 Jan 1829			Carlinville
Cass County (from Morgan)	" "	3 Mar 1837			Virginia
Brown County (from Schuyler)	" "	1 Feb 1839			Mt. Sterling
Scott County (from Morgan)	" "	16 Feb 1839			Winchester
Jersey County (from Greene)	" "	28 Feb 1839			Jerseyville
Cass County 3-Mile Strip from Morgan	" "	16 Feb 1849			Virginia

Among early settlers of Greene Territory were David Stockton and James White-side who settled south of Macoupin creek, June 10, 1817. The next year Samuel Thomas and others made permanent settlements in the limits of Greene and Jersey Counties, which increased, in about 3 years to that point of population and importance as to ask a divorce from Madison County. The petition was granted by Act of Assembly in 1821, and the county seat was located at Carrollton April 26th.

For this early interesting history about the counties and first settlers, a family historian would do well to study the Atlas Maps of the various counties of Illinois which were published during the 1872-74 period of time. These books are large and well-worn, unless a reprint has been accomplished by some genealogical society of a county. They contain lists of persons who subscribed giving section, township and range of their purchased land, when they came to the county, and state of birth. There are lovely hand-drawn lithographic pictures of many farm scenes and homes, as well as many biographies of the early settlers, and plat maps.

The 1894 Atlas Maps of the various counties do not have the pictures nor the biographies, but do have a map of each congressional township (of 6 miles square), showing the names of land owners.

In the back of the book is an *Analysis of the System of United States Land Surveys* describing the Metes and Bounds system of land parcelling. Also there is an excellent map showing the placement of Meridians and Base Lines which establish the township system of land measurement, called the "Rectangular System". All genealogists should carefully study these two pages if they are going to be doing any research of deed property of their ancestors. At the back is the *Historical Directory of _____ County, Illinois* listing land owners, their post-office address, state of birth "nativity", and "when came to Co."

The next best source of family information were the Histories of each County published in the 1878-79 period of time. Most of these books have now been indexed, many of them having been reprinted by various genealogical societies.

Family historians should not over-look a big thick book, usually in two volumes, which is titled *Historical Encyclopedia of Illinois*. These many county books were edited by Newton Bateman and Paul Selby about 1906. The last half of the book contained biographies of many prominent people of a particular county, edited by a local historian. Each book has beautiful photographs of many of these people. These books have never been indexed, but the biographies are usually alphabetical.

For a good reference see *ILLINOIS CENSUS RETURNS 1810 and 1818*, edited with introduction and notes by Margaret Cross Norton, Illinois State Library, published by the Genealogical Publishing Company, Baltimore MD, 1969 as a reprint. It was originally published as *Collections of the Illinois State Historical Library*, Volume XXIV, Statistical Series, Volume II, Springfield IL, 1935.

By 1818 the Territory of Illinois was being organized for statehood, which was signed into law 3 December 1818 by President James Monroe. The following counties were established: Bond, Crawford, Franklin, Gallatin, Jackson, Johnson, Madison, Monroe, Pope, Randolph, St. Clair, Union, Washington, and White as the legal counties for business transactions. [See map of Illinois showing county boundaries of Illinois Territory in 1818 on cover of this quarterly.]

The area of our concern is Madison County. Family historians will find records of their people from 1812 to 1821 at Edwardsville, present county seat of Madison. In 1821 the County of Greene, seated at Carrollton, included Jersey, Macoupin, Morgan and Scott. [Cass was then in Sangamon County.] In 1823 Morgan County was formed with Cass and Scott as a part of it, leaving Macoupin and Jersey with Greene. Cass went off of Morgan in 1837, and Scott in 1839.

From this summary of county formation we thus learn that the 1818 and 1820 censuses, for our area, involved Madison County, basically. Therefore we are here reproducing the 1818 census, alphabetized for easier reference, with an added feature of indicating that persons listed as heads of households were, or were not, included in the 1820 Federal and 1820 State Censuses.

Should a family seeker not find the name of an ancestor or collateral relative in this list, then we suggest he or she consult the above-mentioned book to see if they were living in one of the other counties of Illinois 1818-1820.

The original census act [*Laws of Illinois Territory, 1817-1818* (1898 reprint) pp. 24-44] provided that the enumeration should be taken between April 1 and June 1, 1818, and a supplementary act provided for the listing of all new persons settling in Illinois between June 1 and December 1.

The state constitution of 26 August 1818 required that a state census should be taken every five years beginning in 1820. The last state census for Illinois was taken in 1865. Unfortunately many of these early census records are missing from the state archives, particularly most of those for the 1818 supplementary census (June 1-December 1, 1818), all for the 1825 and 1830 censuses, and most of the 1835 and 1845 census returns.

There were four forts in Madison County in 1818: Fort Armstrong, Fort Clark, Fort Crawford, and Fort Edwards, in which there were "980 souls". This may have a bearing on this listing of the 1818 census for our area, since we are also showing whether the same names are on the 1820 Federal Census [F], and the 1820 State Census [S], or on neither. Should a householder be on the 1818 census and not on the 1820, here are some possible reasons:

- Did the head of the household die between 1818 & 1820?
- Did he or she go back to former county of residence? In the case of women they may have remarried after the death of a husband, or returned to the East. In the case of some men, they may been on military duty at one of the Forts, and after enlistment was up, returned to the East.
- Did they settle in some remote area missed by the census taker?
- Were they killed by feuds, land disputes, thieves, or by Indians?

Page 2: MADISON COUNTY, ILLINOIS CENSUS OF 1818.

Col. 1: Figures, supplied by the editor, shows numerical standing in list as #.
F indicates name found also in the Federal Census for 1820.
S " " " " " " State " for 1820.

Col. 2: Names of heads of families.

Col. 3: Free white males 21 years & upwards.

Col. 4: All other white inhabitants including females and children.

Col. 5: Free persons of colour.

Col. 6: Servants or slaves.

* * * * *

A good idea: when name spellings differ from the usual, underline a couple of the letters to indicate this, rather than adding (sic). To your editor, it ruins original copy to have that word, meaning "spelling incorrect" spread all over some very interesting reading of original works.) Do you agree?

* * * * *

A good second reason is that the typist is indicating that she/he is not making an error - that is the way the original spelling is reproduced.

* * * * *

How can you prove that a name found in a list such as the above is YOUR relative? That is a good question, with no positive answer. One hopeful way is to search book lists for family history books already written, or family charts sent to the State Archives or Libraries, or to the Mormon Church in Salt Lake City. Searching the County and Circuit Courts for estate administrations. If the person died with a Will, an Executor is named. If he/she died intestate (without will) then there may be a Petition for Letters of Administration to request.

Page 1: MORTALITY SCHEDULES FOR THE 1850 FEDERAL CENSUS RECORDS

Preface: The year 1850 marked the beginning of a new epoch in federal census enumeration. Prior to that year only heads of families were listed with the number of residents in each household divided into various age categories.

The 1850 census enumerated six different schedules:

- Population Schedule of Free Inhabitants, one of the most important genealogical tools, was expanded to include the names of every household member.
- Slave Inhabitants
- Mortality Schedule, listing deceased persons 1 June 1849-30 May 1850.
- Agricultural activities and persons engaged in such occupation
- Industry, and o--Social Statistics.

Reading the script of any census records is always a difficult matter. A 100% accurate transcription is nearly impossible to achieve. Family historians seeking such records should use caution, realizing some names may be misspelled, or in some other form than the one in current usage. Pronunciations of names to the census taker varied from north to south, from generation to generation, and because of different nationality interpretations.

The original Illinois Mortality Schedules for 1850 are located in the Illinois State Archives, Springfield IL 62756.

Remarks [by enumerator]: Lime stone exists in exhaustless quantities from which thousands of Bushels of lime are made annually. Stone Coal abounds and good building rock to some extant. The water is generally of that class termed hard or lime stone water.

[A researcher, if knowing the names of the doctors in a given area, could almost tell which doctor treated the patient by the way he spelled the diseases!]

The Macoupin Mortality Schedule was enumerated by E. J. Rice on pp. 541 and 544 of the original document, by Jos. C. Howell pp. 545, 547, 550, 551 and 554 and Jesse Moreland p. 555.

On p. 549 there was a quotation, name unknown: "Dept. Copy. Deaths in Macoupin County, Ills. taken by me - 171."

Jesse Moreland took Townships 7 and 8 in Range 6, and Township 7 in Range 7, p. 555. It was possibly he who gave the following remarks: "It was we may say entirely health in the three townships I visited. The water was limestone, the timber was Oak, ash, elm, sugartree, walnut and Hickery, the land rich and fertile." * * * * * [In checking the plat map in the *History of Macoupin County, Illinois, With Illustrations Descriptive of Its Scenery, and Biographical Sketches of some of its Prominent Men and Pioneers*, published by Brink, McDonough & Co., Philadelphia in 1879, we find the above mentioned townships in the southeast corner of the county, namely: Cahokia, Dorchester and Staunton. This excellent book was reprinted in 1977, Unigraphic Inc. by the sponsorship of the Macoupin County Historical Society, Carlinville IL 62626.

[We understand that the Historical Society's Cemetery Division has read all of the cemeteries, and is preparing to find a typist who can get them ready for printing sometime in the future.

[Our Jacksonville Area Genealogical and Historical Society has the following cemetery readings, some of them only partial transcriptions: Bluegrass 6 pages; Hettick Point 4 pages; Hollingsworth 3 pages; Howser 1 page; Land 5 pages; Landreth 1 page; Miller, west of Palmyra in Barr Twp. 7 pages; Nifong 2 pages; Oak Grove (Chapman's Point) east of Modesto 15 pages; Range So. Palmyra Twp. 2 pages; Richie 1½ mi. south of Palmyra 1 page; Ruyle in timber nr. Fred Ruyle's 1 page; Shiloh Church cemetery 3 pages; Sims northwest of Modesto 5 pages; Stults 2½ miles west of Hettick 10 pages; Terry-O'Neal north east of Palmyra is in Terry Park "kept beautifully by the Park Board, 1 page; Union at Palmyra 7 pages; Vancil Family 1 page; Pulliam (see next paragraph).

[We have Pulliam Cemetery, near site of the former Vancil Temple, a non-denominational Church 1888-1954, compiled by Mrs. Guy W. Martin from original records. There are 35 pages, plus 22 pages of indexed names with Lot numbers. Our Society published an index of these names alphabetically, giving lot number in our *Geneal Journal* December 1978, on six pages. We could photostat a copy of these six for interested persons.

[There are several persons to whom we are indebted for contributing the above cemeteries to our archives; among them Mrs. Martin, I. D. Hess who also contributed his 1850 Macoupin County Census to us, Mrs. Dale Hilyard and Mrs. Carl Sheffer, Juli Claussen and perhaps many others whose names are not on any of our records. We wish to thank each and every one who shared their hard work with us.]

[From our historical review on page 1, this quarterly, we have shown that the southeast quarter of Macoupin was once a part of Greene County until 1825 when it was added to Madison. For research in this area contact the Staunton Area Genealogical Society, Box 95, Staunton IL 62088.

[Other Macoupin records we have published (Mar/78) was 3 pages "Some Macoupin County Marriages Recorded at Carlinville, Illinois" copied 6 Mar 1933 by Mrs. F.H.H. and J.A.M. (who?) and placed on file at the Ill. St. Hist. Library.

[Also, an index of the *Portrait and Biographical Album of Macoupin County, Illinois*, Chicago: Biographical Pub. Co., 1891. 4 pages., June 1980 *Geneal Journal*, our quarterly.]

Page 1: INDEX--WAVERLY EAST CEMETERY, Waverly, Illinois, October 1981.

[How fortunate we are in this area to have such dedicated people who are trying to capture the readings on every stone to be located, or turned up from under the sod! It is with a great deal of pleasure that we present this index giving names on Waverly's City Cemetery tombstones so that persons finding the name of a relative, who lives away from here, can write back to us for a photostat copy of any desired page out of 165 pages. Please send a long SASE for those desired.

The cemetery inscriptions were read by Mrs. Ruth Ann Stewart during October 1981, and compared with the many records garnered by Mrs. Myra Martin over the years. The excellent typing job was accomplished by Mrs. Shirley Stewart Aleguas. This index is for those burials with tombstones. We have another index for burials made, but no stone marks the grave. Here we can publish only the one with stones.

ODDS 'N ENDS -- And Other Things:

How we wish that we could extend our quarterlies to double the number of pages--there are so many other things we'd like to include! We intended to follow up with early Morgan County marriages, 1827-37, but felt that an index of the Waverly Cemetery would benefit more "family-lookers". We have 165 pages of stone transcriptions, and 52 pages of known burials unmarked with stones. In the preceding 9 pages of Waverly indexing we covered 72 pages.

Should a researcher want other names, they can suggest who they are looking for, and we will send corresponding photostats.

Your cost? -- An S.A.S.E plus what ever donation of money or stamps you care to make. Please remember that genealogists who volunteer such services have to spend as much time and gas to go downtown to a copier to do one page, as for several. The usual amount paid out - per page - runs 15 to 20 cents.

We love you! -- and want to make as many family records available to our members and friends as possible while we are yet living and are able to come and go as we please. That's the way we productively get our exercise instead of jogging!

* * * * *

●----For our local family historians, please note that the Waverly records are at the Jacksonville Public Library; also we are putting a copy on the high shelves at the Courthouse, above "Mortgage Books" for the benefit of people who come there. We also have Greene, Scott and Cass marriages, Dalton's 4 volumes of cemetery books, and other records on those shelves, through the courtesy of our County Officers.

---It is easier for us to short-cut the research time of out-of-staters, who are now flocking in during the summer months, when we meet with them to give assistance.

* * * * *

●----Did you know there's a new version of SASE? B.S.-S.A.S.E! [According to the April newsletter, *Connection*, of the McHenry Co. IL Gen. Soc.]

It means "Business-size, self-addressed stamped envelope. Family history seekers who send a small SASE are not thinking positively about the potential results of a reply. Photo-copies and/or several pages of business correspondence just won't fit into a small envelope! And it adds so many more creases to materials which might be very important.

●----Did you know that the post office charges 9 cents extra for letters that are 1/4" thick, or more? That includes air mail also.

●----The usual "dime-store" long (business) envelopes size 10 are 4 1/8" x 9 1/2". One can get a #9 at stationery or book stores that fits into them without folding, which can then be stamped and used as the SASE enclosure.

●----Dime-stores also carry a larger brown envelope 4 3/4" x 10 3/4".

●----To enclose a SAS envelope neatly, open the flap and fold in 3 parts.

* * * * *

●----The May ISGS Newsletter lists two genealogical publications of interest to our area: History of Greene & Jersey Counties, 1885, 1,281 pages @ \$35; also, 1919 History of Jersey County, Hamilton, 664 pp., 500 biographies, \$25. Order from The Bookmark, Box 74, Knightstown IND 46148. Add \$1.50 postage for each.

* * * * *

●----An 1980 family history of James McEvers 1755-1829 and Abraham Knapp, Jr. 1759-1809 by Harry B. Zabriskie is of interest to this area. Forgot to copy his address. Ask Mrs. Virginia Hart, Box 92, Pleasant Hill IL 62366 for it. And in the meantime you might like to join the Pike County Genealogical Society of which she is President. She is very busy answering letters these days.

●-----Floyd E. Browning, 2958 Hilleman, Overland MO 63114 has purchased our Pike County Cemetery index (\$10.00) and will send information to any one. He has other records with which to help also.

●-----Pike County has 2 County History reprints for sale @\$30.00 each, plus \$3.00 mail charge. Write to Mrs. Hart for this information.

●-----That's odd. Too soon I've reached the end!

JACKSONVILLE AREA GENEALOGICAL AND HISTORICAL SOCIETY

Organized 1972

Incorporated 1976

P. O. BOX 21

JACKSONVILLE, ILLINOIS 62651

YOU NEED US

WE NEED YOU

Membership Year: January 1 to December 31

Regular dues for Individuals, Institutions, or Libraries	\$ 6.00
Charter membership renewals (those joined before May 1973)	5.00
Spouse of regular or charter member	1.00
Junior members - grade, highschool, or junior college students	3.00
Life members	100.00

Please note 1981 dues increase.

Each member receives a card; however, each family receives only one copy of our quarterly the Jacksonville IL. Geneal Journal. We do not publish a newsletter.

Each member should file his or her Surname Index Cards and Lineage Charts with our Society. Sometimes we are able to put individuals together who are working on the same family lines.

Junior members in grade, highschool or junior college, whose parents are not members, receive a card and the quarterly. This is our effort to encourage young people to start family history research collections.

Memberships received late in the year will be sent all publications for that year. Dues will again be payable on or before January 1 following. Please be sure to specify for what year your dues are sent.

MEETINGS: Any interested person, member or not, is welcome to attend meetings. on the 4th Thursday nights, usually held at the Illinois Power Auditorium, 1900 West Lafayette. Doors open at 6:30 for registration and visiting. Meeting starts at 7:30 p.m.

LETTERS OF INQUIRY are reviewed at meetings, when possible. Names sought and name of person making inquiry is included in our Society's news articles. This has proved to be a popular feature, and is read widely since our notices appear in several area newspapers. Names and addresses of new members are also published monthly.

YOUR OFFICERS AND BOARD MEMBERS APPRECIATE YOUR SUPPORT as indicated by your friendly letters. Membership dues and donations are our only way to pay for the ever-increasing costs of publishing and mailing our popular quarterly. It contains hundreds of names from several counties in West Central Illinois. Most of these records have never been published, nor were ever available for public use.

- We place many of our records in the Jacksonville Public Library, the Illinois
- State Historical Library, and at Lincoln Library's Genealogical Collection, 3rd
- floor, 7th Street, Springfield, Illinois.

IF YOU ARE AN OUT-OF-STATE RESEARCHER, please be informed that under a 1973 law pertaining to Vital Records many Illinois County Clerks will require you to have a membership card from some Genealogical Society in Illinois before they will permit you to search indexes of death and marriage. This does not apply to Deeds, nor to legal Records in the offices of the Circuit Court Clerk.

IF YOU WISH TO RECEIVE YOUR MEMBERSHIP CARD BY MAIL would you be kind enough to enclosed a self-addressed stamped envelope? Please use LONG envelopes when requesting genealogical materials in order to avoid so much folding of vital records.

Mrs. Florence Hutchison, President-Editor. Miss Lucille V. Crawford, Financial Secy.
Make checks payable to Jacksonville Area G. & H. Society. Specify year of dues!
