

# Literacy Program

- In 2018 the JGCRYO started our Literacy Program. This initiative aims to create excitement around reading in inner city schools that have a high number of students reading below grade level. We provide children's books that highlight representation of the students and communities we serve. We have found that representation makes a huge difference in students staying engaged in the reading process. This program provides students with a fun and memorable school assembly, as well as a FREE book they can take home to enjoy.
