#### IMPLIED WARRANTIES

Implied warranties, including those of merchantability and fitness for a particular purpose, are limited to one (1) year from the date of original purchase and to the extent permitted by law. Any and all implied warranties are excluded. This is the exclusive remedy. Liabilities for consequential damages under any and all warranties are excluded. Some states do not allow limitations on how long an implied warranty lasts or do not allow the exclusion or limitation of incidental or consequential damages. So, the above limitation or exclusion may not apply to you. This warranty gives you specific rights, and you may also have other rights which vary from state to state.

NOTE: This warranty applies to products sold in United States.

NOTE: The Warranty does not apply to non-authorized party purchasers such as independent repair shops, body shops or on parts purchased over the counter and not installed by an authorized FreeRider dealer. The warranty on these parts will be for one year from the purchase date for defects for the part replacement only. Labor will not be included. Part failures due to installation errors will not be covered by any FreeRider Part Warranty.

Note: This warranty is non-transferable. The coverage only applies to the original purchaser of the part. Proof of previous purchase and installation at an authorized FreeRider dealer is necessary for coverage. This warranty does not cover parts replaced under your FreeRider mobility equipment.

Note: Equipment used for commercial purposes cannot cover warranty.

FreeRider USA warrants the new FreeRider Genuine replacement part that such part installed at an authorized FreeRider USA dealer will be free from defects in material or workmanship. There is no coverage for parts needing replacement due to any outside influence.
