

This training brought to you through a grant by the  
National Rural Water Association & Iowa Rural  
Water Association.

## WATER DISTRIBUTION HYDRANTS/VALVES

The Iowa Rural Water Association invites you to join us for a free workshop co-sponsored by Clow Valve.

General tour and overview of the Clow Valve Company Metal Casting Facility and machine shop. Training will include product reviews as well as fire hydrant disassembly and repair.

Learn how fire hydrants are manufactured from start to finish. Learn the different types of products. Review of hydrant and valve components. Demonstration, discussion, and Q&A throughout the day.

**Please Note – workshop is limited to 22 participants that have not taken the tour previously and max of 3 per water system.**
