

This training brought to you through a grant by the
National Rural Water Association,
U S EPA, & Iowa Rural Water Association.

WATER OPERATOR TRAINING

The Iowa Rural Water Association would like to invite you to join us and your peers for a FREE training workshop. Get valuable information you need from our expert trainers to maintain compliance with state regulations.

Session One will cover CST (Certified Stenner Technician) training covering the basic maintenance and repair for the Stenner Classic Series Pump and programming on the S-Series pump. This hands-on training will cover basic repair that will allow customers to easily repair pumps with minimal cost.

Session Two will cover common chemicals used in water treatment and determine the correct dosage for your conditions as well as required PPE.

****Bring old or broken pumps and we will show you how to make repairs.****
