### Suggestions:

- Robin Ferrugia sent Gabi and email concerning attraction of bears by people who raise chickens. We agreed to broaden the information in the Good Neighbors letter to include any vulnerable pets instead of only dogs.
- Reflective vests are recommended to those who walk after dark. They are inexpensive and readily purchased.

Announcements: Dianna would like to help organize a brush chipping event in the spring. Suggestions include seeing if someone owns a chipper, renting one for folks to share, or contacting Bryan Baer to arrange use of his.

Next Meeting: December 19.
