

Pinewood Springs water District February 2024 Newsletter

Water District – pinewoodspringswater.org

PSWD recently purchased four new automated water-mixers, to be installed in our tanks by staff over the coming weeks. These mixers will not only help to improve water quality but will also protect our systems from freezing damage. We considered several different options, and these mixers were the least expensive and easiest to maintain. Even so, significant capital investments such as this require that rates be increased, which is the case for 2024. Our dollars simply don't go as far as they used to—just like yours—but we remain committed to good stewardship of our invaluable water resources. EJ

The next Water Board meeting is **Wednesday, February 28th at 7:00 pm**. To be included on the next agenda or to receive a Zoom invite, please call, 303-823-5345, or email pswdadmin@att.net

As the cold weather continues, the PSFPD would like to remind you to be safe around our bodies of water in the winter. Always assume that ice is unsafe - and keep pets and kids off the ice on our rivers and lake areas.

The next Fire Board meeting is scheduled for **Wednesday, February 14th at 7pm**. Contact Chief Ted Plank at chief@pinewoodspringsfire.org for zoom link information.

Pinewood Springs Property Owners Association – pinewoodspringspoa.co

Want to do something to give back to our fabulous community? Why not volunteer as a Board member for the Property Owners Association. We meet the 3rd Wednesday of the month via Zoom. Meetings usually last about an hour. Our prime concern is care and maintenance of the two Pinewood Springs properties, the Tubs Park and Crescent Lake. We also provide a forum for the residents to discuss problems that occur in the community and provide information concerning Pinewood Springs covenants and Larimer County Land Use Codes. Next meeting is **Wednesday, February 21st 7:00 pm via Zoom**.

Pinewood Springs Community Church
