

Pinewood Springs – June 2023 Newsletter

Water District – pinewoodspringswater.org

It's that time of the year when the heavy snow melt and rain runoff turns our water a slight yellowish color. Please know that while unappealing, the water has been tested and is safe. Happens every year.

The annual water quality report is included in this mailing. Please let me know if you have any questions.

There is a special hearing scheduled before the regular meeting on June 28th. The Board will be addressing several changes concerning access to drainages on private property, backflow meters, public use of water district owned wells and Str's.

Next Board meeting is on **June 28th, at 7:00 pm**. To be included on the next agenda or to receive a Zoom invite, please call, 303-823-5345, or email Gabi at pswdadmin@att.net

The Road District - pinewoodspringsPOA.com

The Road Board would like to inform residents that the road crew can be hired to install culverts or otherwise improve drainage at one's driveway at a reasonable cost. The crew is made up of residents who are very experienced. Good drainage protects the roads and decreases community expenses.

For road issues, please contact Joan Paskewitz @ 303-823-5937 or John Lorang @ 303-823-5114. Next meeting, **June 6th, 7:00 pm** at the Fire Station.

Thank you to the residents that helped with the Tubs and Crescent Park workday.

Our new membership year started June 1st. Please help support the two public areas and other projects around Pinewood by paying your annual assessment.

The PSPOA has received a number of complaints concerning dogs running free, continuous barking and non-removal of your pet's poop. For more information, please see the county ordinances at <https://pinewoodspringspoa.com/-pws-information>. Article IV covers the rules.

Next meeting is Wednesday, **June 21st, 7:00 pm via Zoom**.
