Water District – pswd.com-303-823-5345

Recent snow and rain have filled the reservoir. Nice to see water coming over the spillway again. The runoff has also caused the turbidity to increase. Water coming out of your tap might have a yellowish tinge. No cause for alarm. It meets all Health Department standards, just not very appetizing.

Next Water Board meeting will be held on **May 26th, at 7:00 pm**. Because of Covid issues, this meeting will be held virtually. To be included on the next agenda, call, 303-823-5345, or email Gabi (pswdadmin@att.net)

Please report all water emergencies anytime to 303-823-5345.

Road District

The Next Road board meeting will be at 7 PM on June 1st, via Zoom. If you wish to attend, please call John Lorang @ 303-823-5114. The Board will be voting on whether or not to turn off the streetlight on Deer Lane and Highway 36. This is the only streetlight that we pay for and the Board is discussing whether or not it is appropriate to continue funding this light. If you would like to provide input, please contact Joan Paskewitz – [joan.paskewitz@gmail.com]. If you have road concerns, please call Pat Dewey @ 303-823-5024

We have had a number of complaints from residents about speeding in our community. You can help. If you see somebody speeding or driving recklessly, call the County Sheriff Traffic Safety line-970-498-5357. You will get a recording. Leave as much of the following information as possible: license number, description of vehicle, date and time and your contact information. Also, please ask your contractors/deliverers to respect our speed limits. Please don't speed, leaving your neighbor to decide if they should report you.

When the weather breaks, our contractors will start working on our roads. John Lorang, Karen Urdangarey, Pat Dewey, Joan Paskewitz, Thomas Tuer.
