

Branch Ministries Step Coach

2012 to Present
Step Team Coach/ Evangelist/Trustee

My name is Tara Daley and I was born and raised in the Bronx, New York. I have been living in Fredericksburg, Virginia since 2014. I was offered a life changing opportunity to become one of the pillars of a nonprofit organization which is known as The Branch Ministries.

I became the step dance coach of one of the innovative programs in the ministry called The Branch Ministries Step Team (B.M.S.T.) that started in 2015. Through this program I was able to teach so many amazing children how to dance, perform in front of various audiences, travel to compete in prominent competitions, have a lot of fun, how to work with others, discipline and most importantly change the trajectory of their lives by exposing them to something different.

The Branch Ministries was not only life changing for the younger participants and families, but for whoever worked with this ministry. The Branch completely changed the lives of the volunteers for the better. This ministry has helped me to find my place of belonging.

I found out who I really am as a person and what my life purpose is meant to be. With the help of the staff, who have now become my family, my purpose is to help children and youth to find their purpose in life, the ultimate investment "life"!

This ministry has challenged me to think about my actions by method of responsibility, encourages me to be my authentic self by method of accepting myself, helps me to bring out my ideas to reality by method of truths, became my own support system by method of positive thinking, and the list goes on. This ministry has prepared me to attend college, of which I will graduate by 2025. I will obtain my Bachelor's Degree with a concentration on Individualized Study towards becoming a special education teacher. I would not be who I am today or have accomplished what I have accomplished if it were not for the life coach program in The Branch Ministries. The decision I made to join The Branch Ministries was and is the best decision I ever made for my life.

Sincerely,

Tara Daley
