Serenity Choice

Impulse Hearing Protection

Serenity Choice Security & Military was developed for military use. It reliably protects your hearing from dangerous impulse noise such as gunshots. At the same time, communication remains intelligible, and full situational awareness before and after the noise incident is maintained. The soft, robust material of the earplugs ensures excellent comfort.

Product advantages

- Universal and re-usable
- Perfect comfort and fit
- "Military grade" – was developed for military use
- Immediate, full hearing protection in the event of an impulse noise (e.g. gunshot)
- Full situational awareness
- Does not interfere when worn under headsets or safety helmets
- Good ear ventilation and minimal occlusion
- Easy to clean
- Hypoallergenic
- Completely passive, no electronics or batteries
- All filters are 100% acoustically tested
- CE and ANSI IPIL certified (up to 166 dB with an attenuation of 33 dB)

Areas of application

- Impulse noise, impact noise and noise pollution
- Single shot
- Shooting practice and combat situations

Serenity Choice

Security & Military KIM 12

Serenity Choice Security & Military KIM 12 by Phonak is extremely comfortable hearing protection that reliably protects your hearing from dangerous noise peaks. At the same time, speech comprehension and situational awareness are maintained before and after the noise incident.

The KIM 12 filter is CE and ANSI IPIL certified for impulse noise of up to 166 dB with an attenuation of 33 dB. This filter is particularly suitable for single shots, rapid bursts of gunfire and explosions.

The filter's unique mesh technology attenuates continuous noise by only 12 dB, enabling the user to hear commands and other sounds as well as the direction of the sound source. This unique function also maintains the user's sense of space.

Sound Reduction

Speech Clarity

Situational Awareness

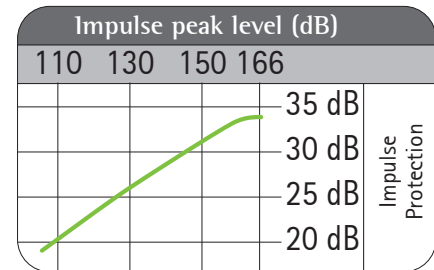

Peak Sound Reduction

- Universal, re-usable earplugs
- Color: black
- Available in four sizes (S, M, L, XL)
- CE and ANSI IPIL certified
