

Scholarship Essay Competition

Full Name: _____ Address: _____

City: _____ State: _____ Zip: _____

Phone: _____ Cell: _____ Email: _____

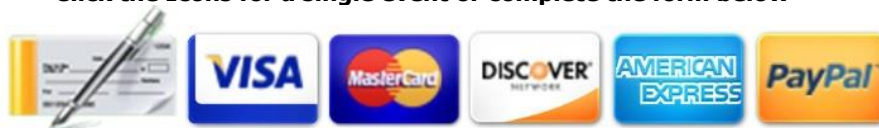

The essay competition and membership scholarship is provided for the selected school or organization you choose. We create and prepare the announcement letters, application procedures and guidelines for implementation. This includes a project checklist for the advisor covering the key components to the essay competition and individual coaching on what to do with step by step coaching during the implementation. Our organization commits that the student will receive \$30,000 or more from one or more of the colleges selected by the student to apply to in accordance with the contest guidelines. There is NO COST to the participants and the winning essay will be selected by our board upon submission of the semi-finalist as determined by your scholarship committee and judges.

A fee of \$2,000 per contest is required to assure the consultant will commit the time and effort to assure success. We do provide support services including 2,000 candidates in the area of the competition **called by our system** to promote the competition. We work with students from middle school all the way through completion of college or advanced degrees so if the student has a year or more of college ahead them, we can help. Should a particular organization choose not to participate, we will apply your nonrefundable fee to another event. All payments are final, no refunds. Your deposit and your time (3 hours per week is suggested) to promote the competition through the organization you selected.

After the competition is completed, we will call the candidates to confirm their interest and pave the way for your introduction call to arrange the interview or event attendance.
