SECTION 1 - REGISTRATIONS

- a) All participants must be registered before taking the field. Any team found to be playing unregistered players will face loss of competition points or expulsion from current and future competitions
- b) All players on the field must be registered in that team. Fill in players may be used but must be registered players and must register at Tournament Control before going to the field. Fill-in players will be required to produce a temporary player pass to the referee for every game they participate in. Fill in players are not eligible for try-scoring statistics or semi finals.
- c) All players are required to register online using the approved platform. There may be some circumstances where manual registrations will be accepted. This will be at the sole discretion of the Competition Operations Manager
- d) Any team that registers 10 players prior to the kick-off of any competition will receive 3 bonus competition points. These points will be applied prior to the finals to prevent any skewing of standings where regrading is required.
- e) Teams that do not have the minimum of ten (10) registered players by the commencement of round four (4) will be penalised one (1) competition point per round and will be deemed ineligible for finals until the registration requirement is met.
- f) Refunds will only be granted should a player or team withdraw before the draw for the first competition round is circulated. A refund may be granted on medical grounds upon production of a valid doctors certificate.

SECTION 2 - GAME OBJECTIVE

- a) Tag is a non-tackling, low-contact rugby league based social participation sport. Accidental contact will occur but contact should be avoided at all times where possible.
- b) The objective of the game is to ground the ball over the opponents try line to score tries. The player in possession of the ball may run, kick or pass the ball to get further downfield and cross the opponents try line. It is the objective of the team without the ball to prevent this by removing a "tag" from the ball carrier.
- c) The team with the most tries shall be declared the winner. Should the scores be tied then the game will be declared a draw, unless in Finals (see Section 13 – Finals Rules)
- d) The team in possession has six "plays" or "tags" to place the ball over the defending teams try line. After six "tags" a changeover occurs.
- e) To commence the game, the captains of the two teams shall toss for choice of ends. The captain winning the toss has the choice of which direction to run and the opposition team will use a place kick from the centre of the field to start the game.
- f) Once play has started an attacking player who is onside can run with the ball, kick it in any direction and on any tackle and throw or knock it in any direction other than towards his opponents try line.
- g) A player who during play is holding the ball (ball carrier) may be tagged by an opposing player (defending player) or players in order to prevent him/her from running with the ball, kicking or passing the ball to their team mates.
- h) A player not in possession of the ball, either a defender or attacker cannot be tagged or obstructed during the game.
- i) A defender is not necessarily required to have any tags on to be able to effect a tag.

SECTION 3 - PLAYER'S AND PLAYING EQUIPMENT

- a) Each team can have a maximum of eight players per team on the field at any one time. Any number of replacements per team is allowed during the game with unlimited interchange.
- b) The minimum number of players on the field shall be five. A player who has been sinbinned shall be included. Any player who has been sent off shall not.
- c) In Mixed competitions, the maximum number of male players on the field at any time is four. There is no limit to the number of female players on the field providing no more than 8 players are on the field at any one time. If a Mixed team is short on female player's then an extra male player may be used to make a maximum of 7 players on the field, 5 Male & 2 Female. Should a third or subsequent female player be available then no more than 4 male players will be allowed. A female player can not be used as a substitute with an extra male player on the field.
- d) All Reserve players must remain in the players box which is marked by the sideline markers 10m from the tryline and halfway line. All substitutions must be made via the players box. Any teams who fail to remain in or interchange through the players box will be penalised 5 metres out from their opponents goal line.
- e) There will be no stoppage of play during interchange of players. Players must leave the field of play in the designated area before the replacement can enter the field except when there is a stoppage of play. e.g. try or injury.
- f) If a player is bleeding the referee shall direct this player to leave the field and seek attention before re-joining the game.
- g) All players within a team shall wear individually numbered shirts of a distinctive colour and/or pattern, a pair of authorised shorts or tights, plastic studded boots or runners and authorised tags. Players are strictly prohibited from wearing metal studs
- h) Teams who do not have matching numbered shirts will be penalised tries at the start of the game. This is up to the opposing team to claim these points BEFORE kick off.
- i) Players shall not wear anything that might prove dangerous to other players. This includes all jewellery being removed or covered up. Fitness trackers may be worn but must be covered by a wristband or such other safe covering.
- j) The referee will inspect all player's equipment prior to the commencement of the game and if necessary, the referee can prevent a player from participating in the game if they consider a player's equipment is dangerous. Prescription glasses are allowed.
- k) Only balls approved by Get Tagg'd Australia shall be used in games. If there is a problem with the ball please bring it to the Tournament Office for a replacement.

SECTION 4 - SCORING

- a) In all regular games one point is awarded for a try.
- b) In mixed games two points are awarded for every try scored by a female player. This includes teams made up of all female players playing in a mixed competition
- c) In mixed games, a team can only score three male tries for every try scored by a female player. EXAMPLE: If the first two tries are scored by a female, then there can be a maximum of six male tries before another female is required to score. Should a team score a male try before a female try the try shall be disallowed and a tag recorded. If it is the last tag then a change over will occur 5 meters out inline with where the try was scored.
- d) The game shall be won by the team scoring the greater number of points. If the score is equal or if both teams fail to score, then the game shall be drawn.
- e) A try is awarded to the attacking team when they ground the ball on or over the try line.

- f) A bonus point is awarded when a try is scored in the bonus zone. The player must enter the bonus zone from the field of play and ground the ball within the bonus zone. The bonus zone is a 5mx2m box that is marked either by cones on the tryline or line markings on the surface or both. The bonus zone can be placed anywhere the referee nominates to a combined maximum width of 5 metres.
- g) A try can be scored from a kick in general play if the ball is regathered or controlled before the ball touches the ground beyond the try line. The ball CAN NOT be planted once it has crossed the tryline.
- h) When the ball bounces past the try line it will be deemed to have gone dead with the try line acting as the dead ball line. Similarly if the ball crosses the try line and the extension of the sideline past the try line, it will be deemed as touch in goal line the ball is dead.
- i) A player cannot pass the ball back after crossing the try line nor can they run back into the field of play to pass the ball back to another player. This will result in a tag being called.
- j) A player may dive from the field of play in an attempt to score a try but must ground the ball before his body contacts the ground in the field of play. If any part of the body touches the ground in the field of play (before the tryline) a tag will be called. A change over will occur if it is the last. Any body part can be grounded before the ball once the player is completely past the tryline.
- k) Should any dive initiate contact or be deemed dangerous by the referee a penalty will be awarded. An attacker cannot dive over a defender in an attempt to score a try.

SECTION 5 - DEFENCE RULES

- a) The progress of the ball carrier can only be halted if a defender removes one or both attacker's tags. If both tags are removed by one or more defenders, then the point where the first tag was removed will be where the ball is played.
- b) When a tag is removed the defender must hold it in the air at the point where the tag was made, drop it, and assume a marker position or return to the defensive line. The ball carrier must return to the point where the tag was removed, play-the-ball and then replace their tag.
- c) When the ball carriers progress has been halted and they are in the action of playing the ball, the defensive line must be at least seven metres back from the play-the-ball with the referee. One defender can choose to act as a marker and stand directly in front of the player playing the ball.
- d) The defending team must always have a player no less than 5 metres behind the defensive line (the Fullback) except when their team is within 5 metres of their own try line. If a team does not have a Fullback the referee can penalise the defensive team a further 5 metres downfield from the defensive line.
- e) The marker and the defensive line can only move forward when the ball is touched by the dummy half. If the dummy half balks the referee should play on e.g. call "play on" and the defensive line allowed to move.
- f) If the team in possession fails to score before the sixth tag has been made a changeover will be awarded to the opposition at the point where the sixth tag was affected.
- g) A player may defend with one or no tags however if they receive the ball which has been kicked, dropped, or propelled forward, they must immediately play-the-ball at the place of receipt.
- h) A defending player will be penalised when they:
 - i. Deliberately move into the ball carriers' path, without first gaining position and make contact, the defender will be judged as initiating this contact.
 - ii. deliberately impede the progress of the ball carrier or any attacking player with their body.

- iii. hold onto an attacking player or their uniform taking away any advantage attempting to be gained
 - iv. call "tag" without physically removing the tag it will be deemed a "phantom tag".
 - v. call for the ball as a deliberate means to deceive the attacker into passing them the ball.
 - vi. tags an attacking player and throw the tag more than one metre away from the mark where the tag occurred.
 - vii. fail to stand immediately and directly in front of the ball player when the ball is being played.
 - viii. interfere at the play-the-ball or move too early.
 - ix. strike for the ball whilst the ball is being played.
 - x. run around and retrieve the ball from the dummy half position.
 - xi. impede play from an offside position e.g. returning on side.
- i) A defending player will be penalised when they are less than seven metres from the play-the-ball when the ball is being played. The penalty shall be awarded in line with where the player was offside.
 - j) If a player is tagged simultaneously after they pass the ball, no action is taken and the attacker must replace the tag before being able to progress the ball downfield, (simultaneous tag/off load).
 - k) If a player is tagged late after they have passed the ball, the referee should call "Late Tag, Play On" and allow the attacking team to progress the ball with only one or no tags on. This may result in a player scoring with one or no tags on. This is one case of the "Advantage Rule" being applied.
 - l) If a player is tagged late after they have kicked the ball the referee should call "Late Tag/Play On" and allow the attacking team the opportunity to regather the ball. If the referee deems no advantage has been gained by the kicking team (e.g. regathers ball late in the tackle count, etc.) he should penalise the defending team where the ball stops, crosses the touch line or try line or where the opposition takes possession of the ball.
 - m) If a defender removes a support players tag before receiving the ball they should call "Pre Tag" and allow the advantage play.
 - n) If no advantage is gained the referee should penalise the defender & consider the use of the sin bin. A Player 'pre or late tagged' with only one tag still on can only be stopped by removal of the remaining tag. If no tags are on the player will be deemed tagged when a defender comes within tagging distance.

SECTION 6 - ATTACKING RULES

- a) When in possession of the ball, the ball carrier can attempt to position the ball further downfield by running, kicking or passing the ball to their teammates. An attacker can only progress the ball with two tags on unless advantage is being played due to a late tag/pre tag.
- b) The attacking team shall be allowed six successive tags before a changeover will occur.
- c) When an attacking player who has possession of the ball has one or more tags removed by a defending player, the ball carrier must return to the point where the first tag was removed and play-the-ball without delay.
- d) Another attacking team player will take up a position directly behind the ball player and assume the dummy half position. The play-the-ball is initiated when the ball player places the ball under one of their feet and heels it backwards with the foot to the dummy-half, who then initiates the next play by passing, kicking or running the ball. After playing the ball, the ball player should replace their tags on their shorts/tights before participating in the attack again. It will be a penalty if the person playing the ball fails to make contact with their foot on the ball.

- e) If there is no marker the ball player may replace their tag place the ball on the ground, release the hands from the ball and tap it with the foot and continue play. If they are missing a tag they may only pass or kick the ball taking no more than one step. Should the player start to run they will be deemed to be tagged and be required to play the ball.
- f) When the attacking side is tagged a sixth time, the attacking player places the ball on the ground and a changeover will be awarded to the defending team.
- g) If the ball carrier falls to the ground, or a player falls on a loose ball, and a defender is within tagging distance, a tag will be deemed to be affected.
- h) If any part of the body (other than the feet) of the ball carrier touches the ground before the try line, or before the ball is placed over the try line, a try cannot be awarded and a tag will be called. The ball carrier will be asked to play-the-ball no more than one metre out from the try line and the tag count will continue. If this occurs on the last tag, a changeover will be awarded to the defending team.
- i) The ball carrier can drop to the ground after they have crossed the try line to score a try regardless of what part of the body touches the ground first.
- j) An attacking player may receive a pass behind their try line or may run behind their try line when in possession of the ball. If an attacking player is tagged behind their try line, they shall restart play with a drop kick from the centre of the try line.
- k) The dummy half can pass or kick the ball with only one tag on as long as they only take one step. If they should take more than one step, they will be called back and the next tag will be counted.
- l) Simultaneous tag/ball off load situations will result in a "play-on" call from the referee with the benefit of the doubt be given to the attacking team to encourage the game to flow as continuously as possible. If the ball is deemed to have been passed after the "tag", the tagged player must return to the mark and play-the-ball where the tag occurred without penalty.
- m) If the ball carrier off-loads the ball as their tag/s are removed and the referee calls "play-on", they must replace the tag/s before being able to further the balls progress. If this player fails to replace the tags and receives the ball play is stopped and a tag counted.
- n) If the ball carrier comes into contact with the referee whilst trying to evade a "tag", a tag will be counted.
- o) If an attacking player receives the ball with their shirt out and a defender is within tagging distance the referee will call a tag.
- p) A player will be deemed tagged if they touch their own tag whilst in possession of the ball.
- q) If the ball player goes over the try line and then crosses the plane of the imaginary sideline, play will restart with a play the ball ten metres out centre field.
- r) If an attacking player knocks on over the try line whilst scoring a try, play will restart with a play the ball ten metres out centre field and a zero tackle.
- s) If a player knocks on within ten metres of the try line, a change over will occur in line with the knock on, ten metres out from the try line. If within ten metres of the touch line, move in ten metres.
- t) A ball bouncing off the body or head is not a knock on. The referee will call play on.
- u) If the ball comes into contact with the referee after being kicked or passed and play is irregularly affected, the play will be deemed dead and a play the ball will be awarded to the team in possession where it came in contact with the referee without addition to the tackle count.
- v) If any attacking player is "tagged" over the try line prior to placing the ball down for a try the player will be deemed tagged and will be required to play the ball 5 metres back from the tryline. If it is the last tag, a changeover will be awarded to the defending team five metres out from the try line.

- w) When the ball carrier clearly crosses the touchline before their tag is removed and can be adjudicated on by the referee, a changeover will be awarded to the defending team ten metres in from where the ball carrier crossed the touchline. Should a ball carrier 'give themselves up' after running across the touchline the player will be deemed tagged and will be required to play the ball. If it is the last tag then a changeover will occur.
- x) The ball player will not be penalised if they step on or over the touchline whilst playing the ball. If the dummy half steps on or over the line they will be deemed to be in touch a changeover will occur ten metres in from the sideline, in line with where they stepped out.
- y) If the ball player whilst in the action of playing the ball loses control of the ball and drops the ball on the ground as opposed to playing the ball, they will be allowed to regain possession and play the ball without penalty.
- z) THREE COUNT. If the ball player delays the play the ball or there is no dummy half or the dummy half has not picked up the ball the referee will apply a 3 count. If the referee reaches the end of the 3 count a changeover will be awarded. The 3 count will be at the sole discretion of the Referee. At no time can the marker move during the 3 count to pick up the ball.

The attacking player must not

- i. attempt to bump or fend off a defender in their attempts to remove a tag or whilst chasing the ball.
- ii. Deliberately protect their tag with their hands, elbows, ball or other means. A player will be penalised if the tag is not affected. It will be a tag if the tag is made.
- iii. jump to avoid being tagged, however they may spin/swivel to avoid being tagged as long as they do not initiate contact.
- iv. Bend their body forward to prevent being tagged, initiating contact with a defender

- ii. If a ball runner contacts the referee, play will be restarted with a play the ball at the point of contact with out any addition to the tag count.
- iii. If the referee interferes with play and grossly disadvantages one team over another, play will be restarted at the point of the interference without addition to the tag count.

- iv. A player in possession can elect to perform a chip and chase. This kick is permitted to go higher than the shoulder of the referee without penalty but must not be a bomb and must be regathered immediately by original the kicker. The kick may not be kicked ahead again unless first regathered by the original kicker. Should another member of the kicking team regather the ball or the ball is kicked ahead by the kicker a handover will occur from the point of the original kick.

- xi. If the ball is kicked and it crosses the receiving teams try line after a receiving team player deliberately played at the ball, a line dropout will restart play.

- iii. If the ball is kicked and it lands in the field of play then rolls out over the touchline, the non-kicking team will receive a changeover ten metres in from where the ball crossed the touchline.

- v. If an attacking player is in front of the kicker when the ball is kicked and the ball accidentally strikes the offside player a changeover will be awarded to the defending team at the point of contact. The referee may allow a defending player an advantage if they regathers the ball in this situation.
- vi. If the ball is kicked in to the referee and play is irregularly affected, the play will be deemed dead and a play the ball will be awarded to the kicking team where it came in contact with the referee without addition to the tackle count. If it was the last tackle then a change over will occur in the same spot.
- vii. If a kick in general play is deemed by the referee to have been deliberately kicked over the sideline or try line to waste time a 10 minute sin bin will be given to the player responsible. A penalty awarded to the non-offending side at the half way or where the ball was kicked from whichever is the greatest advantage.

SECTION 8 - KNOCK-ON AND KNOCK-BACK

- a) If a player propels the ball in a forward direction with their hand or arm and the ball comes into contact with the ground, an opponent or the referee, a knock-on will be ruled. A changeover will be awarded to the non-offending team. The referee may allow the non-offending team to take possession and gain an advantage. If they are tagged it will be a zero tag.
- b) If an attacking team player propels the ball in a backward direction play will continue.

- c) If an attacking team knocks-on and no advantage is gained by the defending team, the ball is returned to the point of the original knock-on and the defending team will receive a changeover.
- d) If the attacking team knocks on the defending team may kick the ball to gain an advantage. If this team (defending team at the time of knock-on) then retrieves the ball after the kick, play-on will be called and the next "tag" will be counted as a zero tag regardless of field position.
- e) If the attacking team knocks-on and the defending team immediately kicks through and fails to regather the ball, no advantage has been gained by the defending team and the ball will be returned back to the point of the original knock-on and the defending team will receive the changeover.
- f) The ball carrier cannot deliberately throw or tap the ball past a defender. This will result in a penalty being awarded to the non offending team.

SECTION 9 - PENALTIES

- a) Penalties are taken by a tap kick in any direction after the referee has verbally and physically indicated the mark (a tap kick can go higher than shoulder height). Note: If a player chooses to use the play the ball action instead of taking the tap kick it is still deemed as a tap kick.
- b) A penalty shall be awarded against any player who is guilty of misconduct provided that this is not to the disadvantage of the non-offending team. Unless otherwise stated, all penalties are given where the infringement occurs.
- c) All penalty kicks should be taken as close to the mark as possible. If the referee thinks that the teams has gained an unfair advantage by taking the tap considerably off the mark, the referee will direct the player back to the mark to take the tap again.
- d) Offending teams must retire ten metres from the penalty mark.
- e) Further misconduct by the offending team shall allow the referee to advance the mark once only, by ten metres or as near to the try line as possible.
- f) If a kicker is interfered with after kicking the ball or one of his team mates giving chase, the penalty will be awarded where the ball stops or is stopped by an opposing player. If the ball crosses the touchline or try line the penalty is given ten metres in field.
- g) If misconduct occurs on any player as they are chasing a kick and the ball rolls over or lands over the try line on the full, the penalty will be awarded to the non-offending team, either ten metres from the try line in the field of play and opposite to where the ball crossed the try line or at the point where the player was impeded, whichever is the greatest advantage to the nonoffending team.

SECTION 10 - MISCONDUCT, SIN BIN & SEND OFFS

- a) A player is guilty of misconduct and will be penalised if they:
