

Dogwalker Ranch

Welcome Package

Thank you for choosing Dogwalker ranch for your pups needs.

We strive to give your pups the love and care just like you would when you are home. Here is a little information to help you become familiar with the ranch.

Your pup's day in a glimpse

Pups will go out 3 to 4 times a day while they stay with us. If your pup is social with other pups you can choose for them to go out in playgroup but an added playgroup fee would apply. This is only by request of the parent of the pup , if your pup is not social with other pups then it will go in private play with a staff member and we can evaluate your pup for playgroups at your request. Our rooms are 5*5 on the inside and 5*20 on the outside and that is your pups private area. We also have family rooms that are a little larger. We open the rooms at 5am and close them at night around 9pm, depending on the weather of course. All rooms are air conditioned and heated for your pups comfort. WE feed to your schedule but normal feeding for us is around 6:30am for breakfast and 4:30 for

dinner. We will accommodate to most situations for your pups needs whether it be a special diet or medication we got you covered at Dogwalker ranch. We also have live in staff so your pup is never alone. We want you to feel confident that your fur baby is in great hands.
