

2020 ELECTION FACT SHEET

ELECTION FRAUD

- >30,000 ballots scanned numerous times on Dominion machines
- 174,384 absentee ballots cast in Detroit with no individual voter registration numbers/none could be matched with a voter who was registered in the state. Majority of those votes for Biden.
- 51,302 people had filed a National Change of Address form
- 17,327 dead people in Wayne County, Michigan have obituaries and voted
- Wayne county MI ran the same ballots into the counting machine 4 times. At 6:31 141,258 votes dumped for Biden wiping out Trump lead 55% to 43%. More ballots than registered voters.
- 149,000 vote dump at 4:30 AM with only 3% for Trump. Never been done before. (Stop, Drop and Roll)
- >15,000 votes listed an invalid address (vacant lots or burnt down)
- Antrim County had a vote counting error rate of 68.05% (FEC allowable error rate is 1 in 250,000 ballots or .0008%)
- 2,000 voters identified as >100 years old.
- More votes counted than registered voters.
 - 6 precincts had 120% voter turnout. 1 precinct had 721% voter turnout.
 - 173,000 votes labeled “no voter registration”

ANOMOLIES, INDICATORS and NOTES

- Use of Dominion voting machines and software.
 - Proven 30% errors in counting.
 - 234 pages of sworn affidavits of voter fraud
 - Poll workers stated under legal affidavit to ignore signature mismatches and backdate ballots that arrived late.
 - 138,000 votes added to Biden because of a “typo”
- Ppoll workers altered the dates on the outer envelopes of the ballots so that they would be able to count them. 94 Michigan poll workers also filled out blank ballots to “correct” mail-in and absentee ballots according to what they believed the “voter had intended.
