A Word From Tab

March 29 - I had the opportunity to take 40 High School Freshman to IU Medical Center to their cadaver lab for dissection.

A Male, 55, who died of cancer and was an industrial painter in his career - was one of the Cadavers... To hold his heart, brain, lungs in my hands and to look clearly through each of those - was awesome - because of the perspective of how intricate God has made us - and even one little slight thing off would not allow our bodies to function.

Our God - is the only God. Our God is the true God - He alone created us intricately and wonderfully and fearfully WOW WOW WOW.

Also, note - that our bodies are going to decay - until one day they are raised out of the graves and restored to the beauty and perfection that God intended from the day He made Adam and Eve.

Please take time to be in awe with praise and thanksgiving for all God has done, is doing and will do. Remember how wonderfully and fearfully you are made!

I love you all,
Learning Every Day In Christ,
Tab
