Even after following protocols set by the State of Minnesota and the CDC, it is still possible to contract COVID-19 while at our facility and participating in Goodhue Baseball & Softball Association (GBSA) sponsored activities. We are following all guidelines to minimize the risk of transmission.

I knowingly and willingly consent to participation during the COVID-19 pandemic. I understand that the COVID-19 virus has a long incubation period during which carriers of this virus may not show symptoms and may still be highly contagious.

I understand that – due to the frequency of other participants, the characteristics of the COVID-19 virus, and the characteristics of youth participation– I have an elevated risk of contracting the COVID-19 virus simply by being present.

\_\_\_\_\_initial

I confirm that I am not presenting any of these COVID-19 symptoms:

- Fever
- Shortness of breath
- Dry cough
- Runny nose
- Sore throat

\_\_\_\_\_initial

I confirm that I have not been in contact with a person who has been diagnosed with COVID19 within the past 14 days.

I understand that air travel significantly increases my risk of contracting and transmitting the COVID-19 virus. And the CDC recommends social distancing of at least six feet for a period of 14 days to anyone who has recently traveled. I verify that I have not traveled inside or outside the United States in the past 14 days.
