Nov 9, 2025

 I wish to thank all the members of the Foundation for their support and hard work over the last 22 years. I think we managed to do some good things.

It's time for me to slow down and to that end I am resigning the presidency effective January 1st. I'm willing to   answer any questions the new president might have.
I will remain an active member by:
    mowing
    sending out the Sunday email
    help with fly ins
    continue to do training
I've done outreach for the Foundation. If the Foundation wants to continue that someone else will need to take that on.
As I will be no longer be a Board member someone needs to take on the role of club contact with AMA, city of   Topeka and FAA.
I will turn all records over to the secretary.
Once again I thank all the members of the Foundation for their support and hard work over the last 22 years.

I mowed the field one last time and ran carb dry.

Keypad for mower is installed and contact Mike for mower combo. Please make sure the door is closed when we leave.
