Thanks all who donated time or money to keeping our field in beautiful shape
FAE Mower Fuel SOP, please fill mower and gas can after mowing. The club's riding
mower needs to have **ethanol free fuel** to avoid issues with carburetor This fuel is only
available at a few gas stations. It doesn't have to be premium, but sometimes that is all
that is offered in ethanol free. Partial List of locations offering ethanol free(pure gas).

Casey's, 2133 N. Kansas Ave, they have 87, 89, 91 ethanol free

Note: any pump that has a single hose for the pump will have up to ½ gallon of
whatever was pumped last in the hose.

please select the ethanol free gas, then put at least ½ gallon in your vehicle before
filling gas can. For safety, have the gas can
sitting on the ground, not the trailer when filling.

Events **highlighted are our outreach event's, a great way to help our club grow!**

Even if you don't fly please show up as these clubs support our

event. Thanks, Greg.
